DETAILED INFORMATION

Introduction

This immaculate 2009 80' cockpit motor yacht offers a salon with a custom bar layout and a large day head. She has an Awlcraft painted dark blue hull and white painted topsides with teak side decks, aft and cockpit. Her "U" shaped galley has premium appliances with granite floor and counters. The full beam master stateroom, guest and VIP stateroom offer full entertainment systems and en-suite full head with granite floors and showers. Her engine package is the upgraded C-32 Caterpillar engines. "VITAMIN SEA" is ready to cruise during all seasons, she features an air conditioned /heated soft enclosed flybridge and aft deck. Her bridge deck is 20' long and will easily accommodate a 17' tender if needed.

Salon

Sony 40" TV, sound system with IR speakers, Phantom screen with dedicated concealed wood box for door, SS sliding automatic door to aft deck with Phantom screens, salon table with burl-wood top, Marantz/Denon sound system with IR repeater, custom L shaped sofa with storage underneath, two occasional chairs, entertainment center with Hi-Lo TV and additional storage, Crestron audio system controls, wine cooler, 3- Zone remote controlled blinds, salon Oynx bar with 4 bar stools with stainless steel pedestals.

Galley

Granite/marble countertops, garbage disposal, Sakura cabinetry, storage cabinets, Franke double sink with pull out faucet, "drawer type" shelves in large galley cabinet, overhead dish locker forward, overhang dish locker forward, overhang cabinet in galley, dedicated trash compartment, Whirlpool garbage disposal, granite flooring, 36" custom panel French door refrigerator, 30" over the range microwave with speed cook convention, 27" Gaggenau electric cook top, 24" Gaggenau electric oven, 15" Whirlpool trash compactor, (2) 24" Fisher/Paykel dishwashers, custom drawer for plate storage, and silverware and cutlery drawers.

Master Stateroom

King-sized berth, two night stands with granite countertops, bureau and vanity on starboard side, safe in hanging locker, full-length, cedar-lined hanging lockers with automatic lighting, 24V LED lights, LCD 40" TV with professional sound system with IR repeater, full beam king - sized berth with storage underneath, large head and shower with double sink, walk in closet is cedar-lined with shelves, additional hanging locker, overhead ceiling trim with lights and dimmers, 110 Volt outlets at night stands, reading lights with dimmers.

Guest Staterooms

Queen sized berth, side by side lower berths, fabric covered (Port guest stateroom), 24V LED lights, Sony DVD/CD audio stereo and video system with IR repeater, cedar-lined hanging lockers with automatic lighting, dressing mirror, LCD 22" TV & Blu-Ray disc player, S/S rectangular port light with privacy screen, head opposite starboard with stall shower (Port guest stateroom), VIP SR has a large centerline berths with storage underneath and shelf on both sides, additional 110V outlets on both sides of berth, book shelves on both sides of berth and storage cabinets, two cedar -lined closets, reading lights with dimmers, access to private head and shower, built-in Sat-TV and audio, Blue Ray disk player, two overhead opening hatches with screens and blinds, access to forward lighted bilges for additional dry storage, PS guest SR has twin berth with storage underneath, large hanging closet cedar-lined, SS rectangular opening port lights with screens and curtains, access to full head and shower, custom head boards for both berths, lighted bilge access with additional dry storage, reading lights with dimmers.

Crews Quarters

Cedar lined hanging locker with automatic lighting, refrigerator, LCD 22" TV & Blue Ray disc player, storage locker, drawers under bunk, head with stall shower, Amana microwave oven, Amtico flooring, twin bunks, lower bunk is oversized, bureau and shelves, 110v outlets, opening port hole with screen, access to bilge lighted bilge area, crew entrance door and hatch to cockpit, access to engine room, breaker selector switches, OCTOPLEX panel and generator gauges/ stop and start.

All Heads

Sakura walls & cabinets with granite or marble countertops, 24V LED lights, china sink, Grohe faucets (sink and shower), custom bathroom fixtures, custom bathroom hardware, air extraction in each head shall with low noise extraction fans, medicine cabinet, Tecma toilet systems, vent blowers, seamless fiberglass stall shower with one piece glass door. Industry leading seamless one piece shower shall design provides long term protection against moisture and water intrusion behind the shower panels, S/S rectangular port light with screen, GFI (110V only) AC outlet, granite shower floor and shower seat, mirrored cabinet door under head port light.

Pilothouse

Sunken and extended dash with instrumentation, windshield defrosters and wipers, water-tight doors to side decks, Phantom screen (for insects +pollen protection) with dedicated concealed wood box for door, Sakura solid wood flooring, Ritchie compass, chart table with seat and storage.

Electronics

Furuno NanNet 3D system consisting of 2 black box processors, 25KW radar with 6' antenna, 2 GPS antennas, DFF1 black box sounder with 1 KW transducer and PB150 wind sensor, Furuno dual station RD30 digital depth units, Simrad AP28 dual station autopilot, Garin 4208 dual station GPS/plotter, VEI Nav computer with Nobeltec software and XM weather, Flir night vision camera with low light and night vision-dual station control units, (3) Raymarine cameras, two in the engine room and one on the aft deck, (6) Furuno 15" flat screen monitors, (2) Icom VHF radios (pilothouse and bridge), KVVH M7 direct TV antenna with (6) receivers, KVVH FB250 SAT phone, Furuno AIS, on flybridge: hardwired hand held remote for engine controls and thrusters, Panasonic PBX with intercom, landline and SAT phone, ACR spotlight, 1200 gallon per day Reverse Osmosis water maker, Paradox security system with automatic call out for smoke/fire/high water/high voltage and break-ins, CAT 1 EPIRB, custom aft deck flat screen TV, custom crew quarters flat screen TV, all TV's on board are HD.

Cockpit

The cockpit of the "VITAMIN SEA" gives the crew access to their crew quarters through a SS hatch/door. From the cockpit you have access to both sides of the aft deck. The aft deck access area is outboard of the large storage area which offers several storage cabinets, lighted bait well, sink and access to the crew area. There is a large hatch in the teak cockpit floor which allows access to the steering and bilge area as well as an additional dry storage area. In addition there are two Bluewater Sailfish fishing chairs. The cockpit coaming has teak varnished covering board and a transom door to the intergraded swim platform, there are 4 SS removable safety rails on the platform. There are two shore power outlets in the cockpit-100 AMP and 50 AMP, dockside water hook up, hand held shower, fresh water and raw water wash downs.

Hull and Decks

Airex C70.90 PVC foam construction above waterline (closed cell, cross-linked polymer foam with highest elongation in its class for great impact, strength, sound and temperature isolation with self extinguishing properties), longitudinal and lateral fiberglass stringers filler with high density foam, fiberglass with infusion and vacuum bag technology, white non-skid decks Awlcraft painted, Awlcraft paint, red boot top stripe painted, frameless window, (4) boarding gates, tempered and safety glass (1/2" in forward pilot house, 3/8" other areas), deck, superstructure and flybridge with aluminum I-beam reinforcements, interior structural components all bonded to hull, reinforced collision bulkhead, hardtop with dual hatches for ventilation and light, convenience lights, lower deck and flybridge, flybridge seat with storage underneath, swim ladder, fiberglass settee with oval teak high-low table on aft deck, fiberglass staircase from cockpit to flybridge, Sunbrella fabric on all outside cushions, wet bar with sink and bar refrigerator on flybridge.

General Equipment

Sakura steering wheel inside & SS on flybridge, 2" elliptical 316 stainless steel hand rails on main deck, 1-1/2" on flybridge, S/S cleats & hawse holes, S/S anchor roller, S/S swivel anchor light bracket, hydraulic windlass, Maxwell VWC4000C, propeller shaft Aqua 22HS, bronze through-hull fittings, Stidd electric helm chair in pilot house (black)x1, Stidd mechanical helm seats in flybridge (white)x2, bronze struts with cutlass bearing, (2) 25K Northern lights generators, fresh water wash down, at bow and stern & flybridge, key powered hydraulic bow thruster 25HP, stern 25HP with proportional controls at three stations, control stations flybridge & pilot house with complete engine instrumentation with lighted switches, third control in aft deck (engine and thrusters) pop up, wet exhaust and including water temperature, oil pressure, hour meter and start/stop controls in engine room and remote start/stop controls in the pilot house, S/S rudders, zincs on rudders, shafts, aft deck shower, dock-side water inlet, watertight doors at pilot house, high performance, computer-designed and machined class "S" propeller, stainless steel plow type anchor 125lbs w/300ft anchor chain (3/8"HT) & chain stopper, international navigation lights, engine alarm system, audio oil and temperature, engine hour meters, complete engine instrumentation, two stations, hydraulic steering system by Hynautic/Teleflex, heavy duty Kahlenberg dual air horn, all exterior hardware to be S/S 316, power steering system, Fire boy fire extinguishing system with engine shutdown feature, Steelhead SM 1750 davit (21,000ft-lb3 function hydraulic boom, rotation and extension), (4) U-shaped rails on swim platform, oil changing system for both engines and gen sets, boat deck sliding hatch S/S.

Electrical System

Heavy-duty batteries (house banks:825 AH, engine batteries: 550AH, gen set batteries: 490AH), battery paralleling system with control switch, service battery switch, UPS electrical protection, marine grade, tinned copper wiring, bonding system throughout, Octoplex system with AC/DC distribution panels in pilot house & crew, shore power receptacle 100+50 Amp in transom with 100ft cable master, phone jacks in master stateroom, salon, and pilothouse, dimmers for salon and master stateroom sconces, 24 Volt system, GFI (110V) AC outlet with SmartLock feature for operation error protection which exceeds UL requirements, all primary AC & DC electrical wiring is appropriately labeled throughout, Octoplex NMEA 2000 electrical control system, Mastervolt 4000W inverter/charger (pure sine wave), Mastervolt battery charger (engine:24V/60A, gen set: 12V/25A), Vimar switches and outlets, cellular amplifier (professional grade wireless signal booster, optimized for voice or laptop data connections), chain counter, AC outlets throughout, Octoplex NMEA 2000 vessel system monitor system. Provides main access doors, tank level, bilge level and battery monitoring of current, voltage and temp, which is networked into NMEA 2000.

Engine Room and Bilge

Watermaker 1200 GPD, (2) Headhunter pressure fresh-water system pumps, (1) 40-gallon water

heater with high density fiberglass insulation with high efficiency heating element, 4.5mm thickness 5052 aluminum fuel tanks with sight gauges and tested to international standards 33CFR 510(a) w/high and low fuel level alarm system, 24V shower sump pumps, dripless seal for rudder post, detailed stringers in engine room and lazarette, 2mm thickness 316 S/S water tank with sight gauge, Headhunter water treatment system (50 Gal/day), common drainage system for sink, shower, bilge & exterior deck, color-coded piping for fuel, water and hydraulic system, fresh water outlet with hose for engines and generator, all engine room and machinery spaces are top coated with polyurethane paint system, holding tank gauge in pilot house, Cruisair compressors for central AC, 6 units total 146K BTU (Reverse Cycle capable for operation down to 40 degrees F), (2) HP air compressors in engine room with multiple quick disconnect outlets, dripless engine shaft seal logs, lighted bilges, Sea chest for raw water intakes, dual racor fuel/water separator with Y-valves for engine and generator, engine battery isolation switches, aluminum diamond plate flooring in engine room, AC/DC lights with anti-explosion type in engine room, AC outlet, underwater exhaust system, Delta T intake/exhaust fans with variable frequency drives to facilitate the pushing and/or pulling of air through the machinery spaces and the providing of a high rate of air exchange. Ducts in way of interior living space are insulated and soundproofed. System of Delta-T water separator grilles used on intake and exhaust sides of system, bilge pump in forward and aft or engine room, generators with gas/water separator, 3 valves in steering system for autopilot, S/S rail on side of engine, S/S cap on transverse stringers in central walkway, both side fillers for water & fuel tanks, dockside water connection bilge area arrangement in center of engine room, generator sets installed with sound shield, push button handles for drawers and cupboards, Sakura for window frames and bull-nose, Cruisair remote and self-contained air conditioner with ECU controls (Reverse Cycle capable for operating down to 40 degrees F), industry leading Crestron Adagio system with full functional programmability, CrestNet solution for high-performance multi-room audio distribution and multi-function one-touch controls, Seagull water purifier (ADEX design award winner with filtration to 0.1 microns & EPA certifications for microbiological purification), satin varnish for interior finish, hanging lockers with dual locking mechanism, marble foyer flooring, Maytag 2400AWW stacked washer/dryers for guest and crew areas, concealed hinges throughout interior cabinets with auto soft-closing function.

Exclusions

Owner's personal belongings.
