# ХАРАКТЕРИСТИКИ

## Основная информация

Тип судна: Мега-яхта

Модельный год: 2011

Год постройки: 2011

Страна: Turkey

## Размеры

Длина общая: 135' 0" (41.15m)

Ширина: 27' 0" (8.23m)

Мин. осадка: 6' 1" (1.85m)

Длина привального бруса: 138' 8"  
(42.27m)

## Скорость, вместимость и масса

Крейс. скорость: 15 Kts. (17 MPH)

Макс. скорость: 18 Kts. (21 MPH)

Дальность на макс. скорости: 3000 Kts. Вместимость воды: 1470 Gallons

Вместимость сточного бака: 1100  
Gallons

Объем топливного бака: 9500 Gallons

## Размещение

Всего кают: 5

Всего ком. состава: 5

## Корпус и палуба

Материал корпуса: Composite

## Информация о двигателе

---

**Двигатели:** 2

**Производитель:** MTU

**Модель:** 12V2000 M94

**Тип топлива:** Diesel

## Vessel walkthrough

---

Rarely in today's world can you find a value, high quality, epoxy resin Tri- Cabin Yacht that is at the same time an excellent value and high integrity the shot is in the water and ready for your final touches.

Allowing the option to customize the interior, the extra equipment and the detailing to your personal taste and easily accomplish all the above **(4 months with your interior)**.

- Built of epoxy offering the following advantages of GIP or steel:
- Better noise reduction
- Better weight control for better economy
- Less Osmosis and durability

Starting on top is the flybridge with Jacuzzi, seating, sun cushions, Bimini top and the basic comforts you will need. On the upper deck is the Master suite which features a private aft upper deck for the owner and/or social get together. Below is the main decks with an optional VIP cabin and four guest cabins on the lower deck, up on the bow there is seating. The pilothouse is forward en-suite captain's cabin and the galley is a combination of laundry and service deck. The garage below aft has lots of space for toys and tenders. The boat features tunnel propulsion system to allow the boat in shallow waters or bays and to give economic advantage to performance.

---

## Classification

---

The yacht built in full accordance with the RINA Rules for the Classification of Pleasure Yachts 2009.

---

## Vessel Overview

---

Features accommodations of Six Staterooms + Captains + Crew

The "Baia Mare" is probably one of the most "honest" built yachts on the market. Honest in the sense of the true value of the yacht. No gadgets, no trick to throw the buyer off to think that gimmicks are expensive.

We wanted to create a boat that has plenty of space, easy to use and extremely simple to maintain.

Each part of the boat, and all machinery and equipment are very easy to access without the complication of using too sophisticated products that need a permanent engineer on board..

Sometimes on to be able to watch a TV.

On the other hand maximum attention was given to Epoxy Composite structures. With its 140 ton light displacement she also gives excellent performance in speed and consumption and will perform probably much better than any other yacht of her size.

We believe that we have broken the vicious circle of mid value yacht pricing, that starts with adding gadgets instead of real structures, adding more weight, needing bigger engines, carry more fuel, allow less interior, therefore add more gadgets to increase the price because by the end everything has cost more.

The 135' "Baia Mare has over all a high quality finishing based on a practical use and a reliable design.

The layout is based on a private yacht. On the upper deck, mainly the Master Suite is located. A private outside area on the aft upper deck is foreseen. With a fly deck on top of the Master suite including a Jacuzzi, a bar and a sitting group.

The VIP Suite is located on the main deck with a sitting group located aft side.

She features 4 Guest Cabins on the lower deck.

The galley is in combination with a laundry and service desk.

On the crew side there is the pilot house with an en-suite captain cabin. The crew quarters has the entrance through the galley and a garage with a lot of space for many toys and the tender is located behind the engine room.

There is a sitting area located on the Bow,

---

## Master Stateroom Upper Deck

---

Located on the Private upper deck is the fantastic Master suite which offers a lot of amenities.

- Private terrace for a real privacy for the owner gives the peace and quiet
- Spacious bath room with big windows creates the perfect start into a luxury day
- An own office is the stand by connection for upcoming business needs
- Dressing room with lots of space for the wardrobe
- Total privacy, as entrances can be closed or opened by the owner to decide if he wants to stay private or open to the other guests and crew
- Space for an own lounge group in or/and outside
- Private sitting area

---

## VIP & Guest Staterooms

---

Each on of the enormous staterooms are uniquely designed allowing the maxim space for the open and airy atmosphere. There is ample natural light entering through the large windows, allowing a wonderful view of the ocean.
