## Advantages of Keeping a 377 Intrepid on a Trailer

---

Owner's comments:

1) SAVING FUEL AND ENGINE HOURS ON RUNS TO DIFFERENT AREAS: One 200 mile run to and from the west coast of Florida to the east coast will save 400 gallons at \$4.00/gal=\$1,600.00. Estimated cost of truck at \$1.00/mile= \$1,200.00 savings. 2) Leaving the boat at High & Dry or in a rented slip can be \$600.00/mo. Keeping the boat and trailer at a storage facility is \$150.00 to \$200.00/mo. 3) Boat and trailer is more secure in a storage facility vs. a slip or High & Dry. 4) Boat stored on a trailer is more secure from a storm. 5) Cost of boat insurance will be less 6) The ability to buy fuel is less expensive-.50 to .80 cents/gallon 7) The ability to clean and leave equipment on board is better with a trailer. 8) The ability to repair the boat and keep the boat waxed is improved 9) There will be no trip charges for work on the boat and the hourly rates are lower at the shop location. 10) Having the boat on a trailer lets you manage your time on using the boat in a flexible way. 11) There will be a time savings on moving to different areas of use. 12) One can bring a wounded boat home to obtain service at known sources.
