Total Cabins: 5

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: MTU

Model: Series 2000 V16 M94

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

Entered through an electrically powered sliding fiberglass door, the salon is a surround environment of lush teak joinery in a choice of satin or high gloss finish. For offshore convenience, a day head is immediately to port. Hand built furniture abounds port and starboard with an L-shaped lounge and rod stowage below, teak cabinetry, upholstery and window treatments, a teak cocktail table, wall-to-wall carpeting with lead-lined padding for acoustical insulation, a home theater center with a 55-inch flat screen television on a lift and a Bose audio system. Forward, a dinette to starboard faces the island style galley to port. Featuring custom granite countertops, the galley with its 360-degree access is professionally designed with three bar stools, under counter refrigeration and appliances, Amtico premium vinyl flooring and ample stowage. Additionally, two walk-in pantries forward of the dinette and galley provide bountiful stowage for supplies and cruising gear to stay at sea for months on end.

Below, five spacious staterooms maximize comfort and privacy, which makes the 76 an excellent choice for long range cruising and tournament fishing. The full beam master suite is especially elegant and reflects on many of the features found aboard the Viking 82 flagship, including a sitting area and a built in desk. Viking's attention to detail is exemplary throughout with regards to opulence and stowage.
