Fuel Type: Diesel

DETAILED INFORMATION

Remarks

THIS BOAT FEATURES MTU Advantage ESC EXTENDED WARRANTIES UNTIL August 2018 Or the balance of 2000 hours!!

An absolutely stunning 82 Viking Convertible dressed to fish, cruise or travel the world doing both, 2SEAS is sure to exceed even the highest of expectations. No expense was spared during the rigging or maintaining of 2SEAS. With a mere 630 hours, brand new UMT 2500lb Davit coupled with brand new 16' Noverania Tender, she has had very light use and this 82 is primed and ready for it's next owner to settle into and start exploring.

It's no secret world wide that the 82 Viking Convertible is a superb seaboat with stellar performance not just for 160,000lb vessels, but also the best in class yacht fisher's around the world. Incredibly soft and dry, the 82 will comfortably cruise at 30 knots in conditions that most vessels won't venture out in. Furthermore powered with the upgraded engine package consisting of MTU M94 2600's, when the need is there to drive the hammer home, she will top out in the range of 37 knots. The 82 has received press over the years as a proven tournament winner, 2SEAS is rigged to do just that. However, with her more than ample 5 stateroom 5 & ½ head layout, motoryacht-esque salon and "2SEAS" added cruise amenities, the 82 quickly becomes a truly exquisite no compromise long range cruising dream.

There are an abundant of highlights that 2SEAS has to offer. Some of the more glaring points of interest are as follows: ASEA ATLAS Converter to allow shore power conversion worldwide. Custom fabricated flybridge and cockpit teak tables by Release Marine for entertaining guests. A Release Marine Trillion Fighting Chair that replaces the cockpit table when it is time to head to the fishing grounds. 1800 GPD Watermaker, Crushed Ice Machine, Redundant refrigeration in the cockpit mezzanine, Fuel Polishing System, MTU M94 2600hp Engine upgrade, New UMT Davit with, new 16' Noverania Tender (garage kept), Palm Beach Towers, Custom Tuna Tower, Extensive AV and Navigation Equipment including Magallen Safety Kit, Extra Fuel Capacity offering a total of 3,700 gallons. The 82 runs it's AC off a chilled water system, 2SEAS received upgraded AC capacity along with mezzanine and flybridge AC. 2SEAS should be the first 82 looked at in shopping the market today as you will not have to search much further if you are looking for a low hour, properly maintained, competitively priced & excellently equipped be it to fish or cruise 82 Viking Open Bridge.

Salon and Dinette

- Large L-Shaped Sofa to port with easy access lift up storage system
- Fusion Remote for Salon and Cockpit Stereos
