SPECIFICATIONS

Overview

The San Lorenzo 40 Alloy is one of the most easily recognizable Superyachts in the world, and definitely stands out as one of the most beautifully modern boats in recent memory. When she floats into a port, even yacht owners will feel a twinge of jealousy as they wonder why they didn't choose a vessel with such a unique, modern style that stands on its own instead of bowing to tradition. It also has some of the most sophisticated modern machinery and tools, giving a cruising speed close to 27 knots! A real sea going supercar, enhanced feeling by her folding gullwing doors reminiscent of the Mercedes-Benz SLS, as well as her four folding balconies on the main deck.

Basic Information
