# DETAILED INFORMATION

---

## Manufacturer Provided Description

---

The Jefferson 52 Monticello Motor Yacht features a full flybridge, comprehensive dual station controls, a bow pulpit, a swim platform, aluminum windows, and a transom shower. The sumptuous interior is a luxury apartment at sea. The 52 Monticello Motor Yacht is handcrafted by skilled artisans so that no two are ever exactly alike. Teak parquet flooring, hand-rubbed teak cabinetry, custom draperies, tinted safety glass windows with screens are all standard appointments. The owner's stateroom is simply regal. Guest staterooms with separate heads let family members and guests enjoy life at sea with equal comfort. Two elegantly appointed saloons and a large galley offer more than enough space for everyone with all the comforts of home. The expansive cabin trunk is ideal for sunbathing or lounging on the cushioned foredeck seat. Large storage lockers allow plenty of room for ground tackle. Four fender storage racks are standard. All deck hardware is high quality stainless steel. The entire gunwale is protected from docking bumps by a stainless steel, capped, shock absorbing guard molding. The very best mechanical components have been selected as standard equipment on every Jefferson; the 52 Monticello Motor Yacht is no exception. Only recognized, dependable brand names are used for service items such as pumps, marine toilets, hydraulic steering, engine and transmission controls, and instruments. All underwater hardware is of either marine-grade bronze or stainless steel. The propellers are high-quality four-blade models perfectly matched to the engine horsepower rating for optimum efficiency and performance. Raw water strainers are standard on the engines. Electrical wiring is breaker protected and controlled from a convenient panel.
