SPECIFICATIONS

Overview

"Slow Dance" is a beautifully maintained, single owner, Nordic Tugs trawler with fly bridge, bow and stern thrusters and electric cooking appliances. Her configuration and brand screams "Quality" and an owner who spares no expense to, "get it right." She has been maintained weekly by a professional organization who's recommendations are always followed. The owner strongly believes in the old "pay me now or pay me later" adage. Her well protected hull and structure shine. Her interior, which features many upgrades, including her more expensive teak and holly woodwork and flooring throughout, seem almost like new. An added bonus, she only has 20 hours on her new 2013 Cummins' engine. In lieu of the smaller second stateroom, she has been configured with a Nova Cool freezer, Splendide washer/dryer combo, laundry hamper and floor to ceiling pantry closet, which are in addition to her galley appliances. If you're planning to do the loop or head north, you'll appreciate her two, 1,000 watt King heaters and thermostats. She's also fully air conditioned. She has a Bose sound and DVD system and Samsung television. You'll never lose contact with the World using her DirecTV and Sirius satellite systems. When entertaining, you and your guests will appreciate her custom teak table, teak and holly interior and valance lighting in the salon. Your tender problems will go away with her Seawise Hydraulic Davit system and 2008 10'6" Bullfrog hard sided tender w/steering console & 20 HP Honda engine. Finally, what could be more perfect than cruising warm weather ports in your fully equipped fly bridge with cover, large sunroof and cockpit with gate and swim platform. If you're in the market, this is one that you just can't let get away!

Basic Information

Category: Trawler

Sub Category: Raised Pilothouse

Model Year: 2008

Year Built: 2008

Country: United States
