SPECIFICATIONS

Overview

In a down economy quality products nearly always endure better than those whose principal appeal is price alone. Sea Ray ranks among the best names in the business for quality and they, along with other high-end brands like Tiara, Viking, Boston Whaler and Grady-White will survive a tough economy with innovative, cutting edge products designed to stand the test of time. The Sea Ray 330 / 350 Sundancer Axius called the 330 Sundancer in 2008–09, and rebadged to the 350 Sundancer model in 2010 when the 350 became the 370. (Sea Ray doesn't make this stuff easy.) With her graceful styling and yacht-class amenities, this blue chip yacht sets the class standards when she came out in 2008 for express-boat luxury and sex appeal. Below decks, her midcabin accommodations are a compelling blend of cherrywood cabinets, teak & holly flooring, Ultraleather upholstery, and designer galley appliances. Privacy curtains separate the sleeping areas from the main salon, and a flat-screen TV can be viewed from anywhere in the cabin. Note the innovative fiberglass arch top with aft sunshade. Danger this Axius joystick boat moves sideways! Twin 370hp MerCruiser gas sterndrive will cruise at 27 knots at 1 statute miles per gallon.
