Overview

Recent price drop of \$5,000. Will be hard to find another Carver in as good condition as this one. Come by and have a look. Showings by appointment.

An endless list of recent upgrades and works carried out on this Carver. From new electronics, new carpets throughout, full engine and generator service carried out... the list goes on. This Carver 41 is in excellent condition.

Less than 270 engine hours.

This Carver 41 M/Y is a great example of this popular Carver model. Mountains of light allowed into the interior from huge coach windows which stretch around the entire Saloon which also provides a 180' view from inside.

Any imperfection which was revealed in a survey carried out in 2013 was seen to. The boat has just been fitted with new carpets throughout, the bowthruster has just been replaced, the windless replaced. The boat was maintained by a yacht service company, any imperfection which they noticed along the way was immediately seen too.

Fantastic opportunity. Call now to organize to come and see for yourself.
