**Fuel Type:** Diesel

## DETAILED INFORMATION

### Manufacturer Provided Description

The Henriques 38 Sportfisherman features high-performance design, quality-crafted hand-laid fiberglass construction, and a 140-square-foot cockpit with insulated fish boxes. Speeds of 30 knots or more are possible with various power options. With its unique hull design, the 38 is ready to take on even the worst sea conditions. This 38 footer features transom door, cockpit controls, tackle center, and more. Her speed and comfort make long canyon trips a pleasure. Throughout the boat, fine design, elegant woodworking craftsmanship, designer fabrics, carpeting, and full galley make on-board living and entertaining a pleasurable experience. The Henriques 38 has much to offer in quality, comfort, and fishability. HENRIQUES YACHTS: These New Jersey-built quality sportfishing boats have been built by the Henriques Family for over 22 years. Henriques is a financially solid company, unencumbered by debt service, offering a rock solid boat at an attractive price. Unique to this industry are time-proven hand-laid fiberglass hulls with a choice of layouts and engine options. Henriques offers a five-year warranty. Henriques stresses quality of construction both in materials and in workmanship. Many of these boats are in Charter or Commercial service, so they must be built tough to withstand the rigors of daily service. The uniquely strong construction includes time-proven hull designs with solid fiberglass bottoms, handlaid fiberglass construction, one-piece deck molds, a hull fiberglassed to the deck, continuous bulkhead tabbing, watertight compartments, and full-length, bow to stern stringers. These boats are highly fishable with large cockpits, big fishboxes, rod storage, tackle centers, transom doors, and a rugged sea-going ride.
