## Overview

---

SIREN was built in 2008 by German shipyard Nobiskrug. She is a contemporary-styled superyacht in which comfortable indoor and outdoor living spaces were paramount at her design stage. With a steel hull and aluminium superstructure, she features exterior and interior design by Newcruise.

SIREN'S swimming platform is part of a duplex beach area that includes a circular balcony and a substantial terrace. The highest deck is a sunbathing haven with a Jacuzzi pool edged by double sunbeds. Using the same furniture inside and on deck unites the two areas. SIREN is an ode to cool, calm and contemporary style. She also features a touch and go helipad. Viewing is highly recommended.

## Basic Information
