Remarks

MJ is a prime example of high quality Italian craftsmanship and American ingenuity. She was originally commissioned in 1986 for a knowledgeable American yachtsman. After almost a decade in storage in the Far East, she was brought back to the US in 2000 to a renown South Florida shipyard Rosciolli, where she underwent a complete 2 year refit from stern to stern in which her proud original owner participated "hands on" at a cost of \$2.5 million dollars. During this extensive refit, her Euro Transom with Echosound

underwater exhaust system was added. This revolutionary exhaust system virtually eliminates all exhaust fumes and engine sounds while the vessel is underway. MJ is an updated yacht in all aspects that has traveled the US, Europe, the Orient and Caribbean and is a superb and versatile vessel to be fully appreciated by the discerning yachtsman. MJ's unique layout with full beam master and VIP makes her an ideal charter boat. Her two other twin cabins convert to queens.

Exclusions
