## Overview

---

### **\*\*Recent Price Reduction\*\***

The Seaward 32 with her electrically adjustable depth keel can swing from 22" to 6' draft making her ideal for shoal draft waters. The rudder also has raising and lowering ability done from the cockpit. There is over 6' headroom clearance in the main cabin with three sleeping spaces accommodating five. Her quiet Yanmar approx. 500 hr. diesel engine moves her well even with appreciable head seas. Her cockpit access bow thruster makes even docking this sailboat a thing of joy. The stack pack along the top of the main boom combined with lazy jacks makes raising and lowering the mainsail particularly easy. Her dockside air conditioning insures that she is comfortable even in the heat of a summer afternoon. Her autopilot and extensive navigation equipment will greatly assist you in reaching the next port. Her two roller furling staysails permit prompt shortening of sail without leaving the security of the cockpit. This vessel and crew will be very happy after a long passage offshore or tied up bow to on a sandy beach for a nice afternoon swim. Easily inspected at the owner's dock in Punta Gorda, Florida. Please feel free to call our listing broker at any time.
