- Propane instant hot water heater
- Jabsco manual head

Manufacturer Provided Description

Enjoy comfortable and exhilarating sailing on a PDQ 36 Capella, formerly the PDQ 36 MkIII. PDQ stands for Performance, Dependability, and Quality. The superb design creates a stunning, airy interior offering privacy, a gracious entertaining area, and two luxurious staterooms complete with queen-size beds. She is the ideal size for singlehanded, perfect for family cruising, or two couples on a holiday. Every PDQ is hand-crafted with custom-fitted cabinetry, incorporating the finest cherry veneers, teak accents and three coats of varnish throughout.

The PDQ 36 Capella is constructed of the highest grade, 100 per cent vinylester resins, biaxial knitted fabrics with Klegecell coring fused together under vacuum pressure. The yacht is built with tremendous structural integrity, designed for severe sea conditions. She has six watertight flotation tanks fore and aft offering unparalleled buoyancy and safety. All sheets, halyards, and reefing lines lead to the protected cockpit, for ease of handling. A PDQ will sit upright on her keels and rudders for convenient storage, a bottom scrub, or beaching. The interior space equals a 45-foot monohull, while speeds can match a 65 footer. The fine hulls slice through the water with refined smoothness, making an easy 200 miles per day. Reach destinations faster than ever before, enjoy the near absence of heeling, feel the confidence of great stability no matter how fast she's sailing.

Exclusions

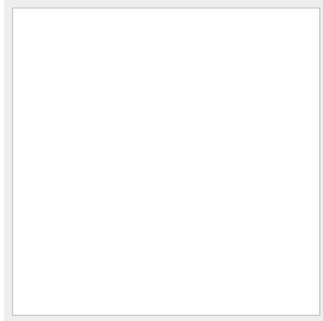

Owner's personal belongings.
