Deck Material: Composite

Hull Configuration: Modified Deep Vee

Hull Color: White

Hull Designer: Michael Peters

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6BTA 5.9M

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

The Shearwater 33 utilizes the now legendary Michael Peters transverse stepped hull in an inboard platform with remarkable results. She accelerates to plane so quickly, her running angle never exceeds eight degrees. With forward hull sections that reflect the classic Carolina bow the Shearwater 33 provides a dry and stable ride.

This one has enjoyed a major refit including but not limited to:

1) Installation of re-manufactured Cummins 370 h.p. diesels 2) New custom fiberglass hardtop 3) New EZ2CY bridge enclosure 4) New interior woodwork 5) New TR1 autopilot 6) New Garmin 4210 multi function display 7) New Raymarine E90 Hybrid Touch multi function display 8) All new vinyl & cushions 9) New stereo system and speakers 10) New LED lights throughout 11) (4) Lumitec Seablaze LED underwater lights 12) New granite galley counters

Beginning in the oversized cockpit, features include two large in deck fishboxes a transom livewell, bait prep station, drink box, and a transom door. Moving forward up one step leads to the 3 sided EZ2CY enclosed bridge deck with matching port and starboard molded fiberglass helm and companion seats. The cabin is entered through a centerline sliding door and down four steps. Immediately to port is the head with shower followed by the galley. To starboard is a U shaped cushioned settee surrounding a varnished teak rectangular dining table. The master berth and hanging locker are all the way forward.

Cabin/Galley

- Granite countertops & backsplash
- Norcold DE-0041 AC/DC refrigerator w/freezer compartment
- Frigidare microwave oven
- Stainless steel undermount sink
- (3) storage drawers
- (2) storage cabinets
