DETAILED INFORMATION

VESSEL WALKTHROUGH

SONIA STELLA may be entered from either the fixed swim platform on a floating dock or any of the four boarding gates on her main deck via the wide walk around side decks.

The extended fixed swim platform has both stainless hoop rails and extra wide teak steps leading to the Aft Deck on the starboard side. The spacious Aft Deck is 4'- 5' longer than her 65/66 Neptunus sisterships allowing for more comfortable seating.

The Trend stainless steel trimmed entry door is offset to port. The spacious Salon has a large custom settee to port and two occasional chairs to starboard. Forward is a custom glass cabinet and wine cooler. A Day Head on starboard and side Pilot door. To port is the spacious Galley with all stainless steel appliances. Furthest forward is an expansive dining settee. Custom over wide steps to below to starboard lead forward with a server and storage center leading to the VIP Suite, aft to the Master Suite and to port, the Guest Suite.

A proper Crew Cabin for two is aft accessed from the swim platform with an entrance to the Engine Room further forward. Includes a spacious head and shower, office set up to port, all in glossy natural cherry. Comfortable steps lead from the Aft Deck to the Flybridge. A wet bar is to starboard with an L shaped settee and table to port. Furthest forward is the all weather Helm protected by a hardtop, clear scratch resistant polycarbonate enclosure. This area is air conditioned or heated as needed with two 16000 BTU A/C Units. There is a refrigerator and icemaker with storage aft.

A tender is stored aft of the Flybridge on the Boat Deck. There is a 1500 lb Marquipt davit on starboard side.

Salon

Entered slightly to starboard the Salon is bright and airy due to large side windows. The Salon on SONIA STELLA was constructed to be 18" longer than standard to accommodate additional seating.

Immediately to port is a large almond colored Ultra Leather C shaped sofa with storage below, custom built to hinge the seat bottom for easy access. Twin table lamps are mounted in the fore and aft corners. A custom built coffee table with storage lies in front of the sofa. A cherry end table with storage within is forward.

To starboard starting aft is a curved cabinet with a 32" LCD Toshiba TV. Below behind two cherry doors, enclosing the entertainment center is the following equipment:

Bose Lifestyle 48 AM/FM/CD/DVD w/hard drive storage for music & movies

Direct TV Sat receiver for Salon & Crew TV

Satellite TV

Glomex terrestrial TV attenuator

Sea Tel Sat TV control panel

A/B switch for cable TV

Channel Plus CCTV camera switching device

Forward are two swivel chairs with a round cherry end table with a table lamp above & storage below, four sliding door liquor storage is outboard under the cabin side windows.

An attractive tray ceiling feature is above the coffee table. The large cabin side windows are covered with both Hunter Douglas Silhouette shades and Roman shades. There is a Bose five channel speaker system with a hidden subwoofer. Overhead are 13 halogen mini spots, most on a dimmer. A CO detector and central vac outlet are also in this area. Air conditioning is delivered through a portside soffit above the windows.

A large Companionway leads forward on the starboard side to the Bar Area and Galley.

Galley Area

Going forward from the Salon is a very wide Companionway with a bar/server area to starboard. The countertop is Crystal Almond Technostone. A very nice leaded, beveled glass stemware cabinet housing wine and highball glasses on plexiglass cut shelves is above. The cabinet is lit from within for a very nice effect.

Below the countertop is a "Liebherr" Dual Zone wine cooler with a glass front, plus two cherry cabinets with four pullout storage drawers hidden within.

To port are two cherry drawers with two very large pullout shelves for pots and pans.

Day Head

Just forward of the Bar Area and adjacent to the Galley is a compact Day Head which has a round cherry vanity with an under mount stainless sink, a compact Headhunter Royal Flush toilet and a marble sole. The overhead is mirrored and has two halogen mini spots. A cabin side window is covered with a Duette shade. By design the day head door does not face the Galley.

Galley

The Galley is open on three sides allowing the cook to be very much a part of the conversation even in the Salon. The sole is Botticino Classico marble tile. The countertops are Crystal Almond Technostone. The appliances in the galley are upgraded stainless steel.

Equipment in the Galley is as follows:

Kitchen Aid 3 door refrigerator/freezer

Kitchen Aid stainless steel trimmed 4 burner Ceran top cook top

Kitchen Aid Superba oven/convection oven

Panasonic Genius Prestige stainless steel microwave w/work light & fan

Meile stainless steel interior dishwasher

Double under mount stainless steel sink

Insinkerator garbage disposal

(9) Cherry cabinets

(4) Cherry drawers

(2) Pullout storage cabinets

(2) 24" Deep very large cherry storage drawers under dinette

Crystal Almond Technostone backsplash

Two tone cabinet latches

(4) Under counter lights

Soffit type AC delivery

Overhead halogen mini spots

Dining Area

Forward and up two steps from the Galley is the raised Dining Area spanning nearly the full beam of the yacht. There is seating for eight. The seat bottom is almond Ultra Leather with the seat backs a fabric brocade.

A chest high divider separates this area from the Galley. The table is high gloss cherry upon cherry pedestals. Two stools with storage within are aft of the table. To port are four cherry storage drawers and a mounted Toshiba 15" LCD TV/DVD combo facing the table.

Forward under the windshield area is a large storage locker which contains the Flybridge electronics battery and charger system and additional storage space. Overhead are nine halogen mini spots. A CO detector is also in this area.

Accommodation Companionway

Down six carpeted steps to the lower deck accommodations. An open stairway with a cherry handrail and Lexan panels create a very spacious feeling. This companionway was

substantially redesigned to eliminate the long winding hallway and replace it with a much improved layout for additional storage and a bigger guest cabin.

A starboard server has a coffeemaker for guest use. Above are six cherry cabinets. Below are two opening stainless steel portholes covered with Duette shades. Below the server countertop are six cherry cabinet doors for abundant storage. A hatch in the sole access the yacht's domestic water system.

Forward is the VIP. To port is the guest cabin and aft is the master cabin each with an arched cherry entry door. On the way to the Master Cabin are two steps going down, two cabinets under the stairs to serve as a stewardess locker and central vacuum hose storage. Inboard is a double door cherry locker housing the Whirlpool Thin Twin washer dryer combo.

VIP Cabin

All the way forward is the VIP cabin with a centerline queen size berth off the forward bulkhead. An upholstered headboard is affixed to the mirrored panel at the head of the berth. Below the berth are four storage drawers and rope lighting around the perimeter.

Above the berth are halogen reading lights and a Lewmar deck hatch with an Ocean Air sliding screen and cover. Countertops both port and starboard at the level of the berth serve as nightstands. Above each countertop is a fixed stainless steel trimmed dead light with drapes and rope lights behind the valance. Above the porthole on both the port and starboard sides are eight cherry cabinets. Aft to starboard is a double door auto lit cedar lined hanging locker.

To port is a half height cedar lined auto lit hanging locker with two cherry drawers below. Aft is the entrance to the VIP Head via an arched cherry door and a 15" Toshiba LCD TV/DVD combo affixed to the aft bulkhead. Also in this cabin is a central vacuum outlet, digital AC controls, CO detector, five halogen mini spots, Bose stereo speakers, a built in Vmar alarm clock and an oversize access hatch to the bow thruster area.

VIP Head

The VIP head is aft to port. The cherry bow front vanity has an under mount china sink under a Botticino Classico marble countertop. Above the sink is an opening stainless steel porthole covered by a Duette shade. Two mirrored medicine cabinet doors are above. The sole is Botticino Classico marble to match the countertop. The head is a full size Royal Flush by Headhunter. The stall shower has a clear tempered glass door, a hand held or wall mountable fixture plus a light and exhaust fan.

Also within the Head is a mirrored overhead, two halogen mini spots and a sliding pocket entrance door.

Guest Cabin

The modifications to the entry foyer greatly improved the layout of the Guest Cabin.

There are two twin berths on the aft bulkhead with a three drawer nightstand between. An attractive two shade light fixture is affixed to a cherry bulkhead over the nightstand and is flanked by twin padded headboards affixed to mirrored panels. There are two small and one large drawer beneath each berth. On the aft bulkhead above the headboards are six cherry storage cabinets.

Above the outboard berth is a shelf with two opening stainless steel portholes covered by Duette shades and full drapes. Above the portholes are six additional cherry storage cabinets. At the foot of the outboard berth are three more cherry drawers built into an end table type cabinet. Above a Toshiba 15" LCD TV/DVD combo is affixed to the wall.

Just as you enter the cabin is a full size cedar lined auto lit hanging locker with two drawers below.

Forward is the access to the Guest Head via an arched cherry door. Also in this cabin is a CO detector, Bose stereo speakers and five halogen mini spots.

Guest Head

The guest head is aft to port. The cherry bow front vanity has an under mount china sink under a Botticino Classico marble countertop. Two mirrored medicine cabinet doors are above. The sole is Botticino Classico marble to match the countertop. The head is a full size Royal Flush by Headhunter. The stall shower has a clear tempered glass door, a hand held or wall mountable fixture plus a light and exhaust fan.

Also within the Head is a mirrored overhead, two halogen mini spots and a sliding pocket entrance door.

The two guest heads are arranged back to back to give the VIP and Guest Cabin the maximum amount of privacy with their TV's affixed to the head walls thereby offering additional sound insulation between the staterooms.

Master Cabin

Entering from the forward end, the king size berth is on the aft bulkhead with an upholstered headboard affixed to a large mirrored panel. Two cherry columns with scone lights rise from the three drawer nightstands either side of the berth. There is rope lighting around the perimeter of the berth. At the foot of the berth is the entertainment center with a 20" Toshiba LCD TV and four cherry cabinet doors below. Within the doors is an Audiovox DVD player and DVD storage.

To port is a raised bureau with nine cherry drawers and a cherry countertop above. Two opening stainless steel portholes with Duette shades and full drapes are above. Next aft is a full size cedar lined auto lit hanging locker, followed by a walk in cedar lined locker with a full size dressing mirror and a three door mica cabinet with four shelves within each cabinet. One has a safe within.

To starboard is a matching bureau with nine cherry drawers, two portholes, Duette shades,

drapes and a second full size cedar lined auto lit hanging locker.

Aft to starboard is the entrance to the master head via an arched cherry door.

Also in the Master is an attractive crescent shaped ceiling treatment with mirrors, vinyl panels and cherry trim with concealed rope lighting and four halogen mini spots, a CO detector, digital AC controls, a Vimar built in alarm clock and Bose stereo speakers that link to the Salon stereo are also in this cabin. AC delivery is via a starboard side valance with hidden rope lighting. Eleven additional halogen mini spots provide plenty of lighting.

Master Head

The size of the master head is very generous and not properly described by the word "head". The sole is Botticino Classico marble to match the countertops. The vanity has six drawers to starboard. Extending inboard the vanity has two double door bow front cabinets under each sink. White china sinks are under mounted on the marble countertop. The area above the sinks and much of the area to starboard is mirrored including two additional mirrored storage cabinets on the starboard side.

The toilet is a Headhunter Royal Flush model. The shower is huge and includes a seat, a handheld or wall mountable Grohe fixture, an exhaust fan and two lights. The shower door is clear tempered glass and includes an even larger sidelight. The overhead is mirrored throughout. Within the Head there are five halogen mini spots, ample GFCI protected outlets and two tone fixtures. An opening stainless steel porthole is covered with a Duette shade.

Foredeck

Fiberglass non skid deck

Raised bulwarks w/stainless steel bow & side deck rails

Bollard type cleats w/hawse holes forward

Recessed Maxwell 3500 windlass w/freshwater wash down, up & down foot switches & hinged cover

Stainless steel anchor chute

Lewmar Delta stainless steel 110 lb. anchor w/all chain rode

Bow sun pad w/removable cushions & cover

Lewmar tinted plexiglass deck hatch to anchor locker

(5) Port & (5) starboard LED mini deck lights

Port & starboard midship boarding gates w/hinged door & rail breaks

Starboard side entry door

Black Textulene windshield cover for forward & side windshields

Insultint on all windows to protect fabrics from sunlight

Dual port & starboard Bollard type spring line cleats

International navigation lights

Frameless cabin side windows on house sides

Stainless steel safety rail at house sides

Delta T side deck air intakes

Khalenberg dual trumpet air horns

Dinghy with Yamaha 40 hp

Life raft

Aft Deck

Teak over fiberglass decks

Aft Deck built in bench seating for four to five people w/removable Sunbrella cushions & stamoid cover

High gloss cherry wood table w/dual stainless steel pedestals & cover

(4) Varnished teak arm chairs w/matching Sunbrella seat bottoms

Isotherm stainless steel drink refrigerator at Aft Deck bar

Gaggenau BBQ at Aft Deck bar (upgraded)

Stainless steel under mount sink w/hot & cold taps plus sink cover

Storage cabinet in bar w/Avonite top w/white Stamoid cover to enclose the bar

Trend stainless steel entry door w/dark tinted glass

Clarion stereo remote

(2) Pylaster area cabinets, portside w/engine/thruster controls, starboard side w/storage

Port & starboard Aft Deck boarding gates w/rail break

(2) Bollard type Aft Deck cleats

Starboard side stainless steel hinged boarding gate from swim platform

(4) Teak tread oversize steps down to swim platform

Integral teak covered swim platform

Watertight door to Crew Cabin & Engine Room

Swim platform freshwater wash down spigot

Swim platform hot & cold water shower

Bluewater rocket launcher on swim platform

(2) Stainless steel stern cleats

(3) Stainless steel removable safety rails aft

Port & starboard 50 amp 220 volt cable master lockers

(2) Marisco cable TV/phone inlets

(5) LED step lights

(5) Overhead stainless steel trimmed halogen Aft Deck overhead lights

(2) Aft deck CCTV cameras

Ample stainless steel safety handrails

(2) Clarion 2 stage stereo speakers

(4) Underwater lights

(2) Stainless steel fender holders on Aft Deck

(2) Extra Aft Deck, deck drains all w/oversize overhead tubing

White Textulene sunshade for Aft Deck seating

Flybridge Equipment

Hinged two piece fiberglass hatch to cover steps up to Flybridge

Teak over fiberglass decks

Safety rail at bridge steps

Custom enlarged Flybridge hardtop

(2) Lewmar opening hatch skylights

(9) Overhead stainless steel trimmed overhead lights

(4) Clarion 2 Stage stereo speakers

L shaped seating for 5 to 6 people with custom removable cushions, covers & storage below

L shaped fiberglass table at settee w/(3) stainless steel bases

Starboard side bar w/Avonite top, stainless steel rail, under mount stainless steel sink w/cover, trash receptacle w/cover & (3) large storage cabinets

Avonite bar top behind L shaped seating w/Isotherm stainless steel front refrigerator, Raritan Icerette icemaker, storage cabinet & aft AC controls

Stainless steel supports to enlarge deck area under air with a four panel clear vinyl enclosure w/door

Marquipt 1500 lb. tender davit on portside for portside tender launching

Stowage for stainless steel & (8) teak step ladder to Coach Roof

Integral deck drains on boat deck to waterline

(7) Panel Stratoglass three side enclosure, opens to pin to overhead as desired

Extra heavy duty hardtop bracing (no movement)

Oversize dark tinted wrap around Venturi windscreen

(11) LED courtesy lights on bridge perimeter

White Textulene sun cover for interior of aft enclosure on Flybridge

Helm Equipment Please Note: Some Navigational Electronics have been recently updated. A new list is in process and as such the electronics equipment list will be updated in the near future.

Centerline helm w/Sea Star tilt varnished wheel

(2) Upholstered Stidd helm chairs

Custom double wide helm seat to port to seat two w/storage below

(2) Lewmar deck hatches

Crew Area

Down three teak steps with storage under from the swim platform entry door is the Crew Area. To starboard behind a sliding pocket door is the Crew Cabin with two L shaped over/under berths outboard to sleep two. The entire area is paneled in high gloss cherry.

There are four drawers under the foot of the upper berth. At the foot of the lower is a two door hanging locker with cedar lining.

Also in the cabin is an opening stainless steel porthole with a Duette shade, a table lamp, digital SMX II AC controls, CO detector, stereo speakers and a laminate wood sole. Three halogen mini spots are above and a 15" Toshiba LCD TV/DVD combo is placed where it can be seen from

both berths.

The centerline companionway has a cedar lined wet locker, storage in the sole and the watertight door to the Engine Room.

To port is an open desk area with a Corian top, three storage drawers, another cedar lined hanging locker, two desk drawers and two lockable hanging file drawers. A Clarion AM/FM/CD player is in one of the lockers. A shelf with all the yacht's manuals is also in this area.

Crew Head

Aft from the desk area is the private Crew Head. There is a vanity with cherry storage below and under mount sink in an Avonite countertop with two mirrored medicine cabinets above. The toilet is a compact Headhunter Royal Flush model. The sole is marble and the stall shower with clear Lucite door is huge. It includes a light and a handheld or wall mountable fixture.

Engine Room

(6) Point Oil Exchanger oil change system – mains, generators & transmissions

Freshwater hot & cold water spigots w/hose

Dual Racor 1000 main engine fuel filters w/vacuum gauges

CAT mechanical full engine gauge panels

Fireboy FE 241 70 lb. fire suppression system

ESI fuel polishing system w/Racor 1000 fuel filter/fuel magnet, timer @7 gpm filter rate

(2) Main engine coolant recovery bottles

Naiad 252 stabilizer system

Sea Star hydraulic steering reservoir & power steering system

Airsep crankcase ventilation system

Black fiberglass wrapped dry exhaust system w/downstream water injection

6 Step Marquipt Tide Ride ladder w/handrail stowed in Engine Room

Neptunus 4 step stainless steel & teak tread vertical boarding/swim ladder stored in Engine Room

Grafite shaft bonding brushes tied into central bonding system

Central vacuum system

(2) Fantech 110V Engine Room blowers w/12V extractor fan

(2) AC fluorescent overhead lights

(4) DC incandescent overhead lights

(2) Generator coolant recovery bottles

(2) 72,000 BTU Cruiseair chilled water air conditioning compressors, one replaced 01/12

Fuel tanks as follows:

540 gallon forward tank

430 gallon port tank

430 gallon starboard tank

(2) Jabsco VR 100 fuel transfer pumps w/manifold pumps 25 gal/min transfer rate

3" Stainless steel propeller shafts

ZF 2050A 2.029 to transmission ratios

Tides dripless shaft seals

(6) Rule bilge pumps

Electric stern thruster

(2) Engine Room cameras w/Flybridge display

(2) 16,000 BTU direct expansion air conditioners on Flybridge

Propellers are 34" x 43", 4 blade

(4) Underwater Sea Vision lights

1400 GPD Watermaker intalled 2012

Caterpillar service

Caterpillar extended warranty until 8/2015

Mechanical Equipment Located Elsewhere

Cruiseair chilled water digital control panel at main electrical panel

(2) Batteries dedicated to bow thruster in bow compartment

Dedicated Victron Centaur thruster charger in bow compartment

Battery switch for bow thruster

(2) Galvanic isolators

(2) 50 Amp Glendinning shore cord cable reels aft

Charles Iso Boost shore power isolation/boost transformer on cord #1

Isolation transformer on cord #2

12 Volt battery w/60 amp charger dedicated to Flybridge electronics

Batteries as follows:

Engine (2) 4D 165 Ah Gel Cell

House (4) 8D 235 Ah Gel Cell

(1) Group 31 battery for generator

(2) Group 31 batteries for bow thrusters

Remarks

Without a doubt SONIA STELLA is the pinnacle of Neptunus' production.

SONIA STELLA has the distinction of being the most highly customized and consequently most expensive 70' Neptunus of its period. Originally commissioned by an experienced Neptunus owner (having owned two previously) countless changes and customizations were made. Her second and current owner has done nothing but add equipment (watermaker, dinghy, life raft, spare props, new electronics, Satellite TV and Caterpillar extended warranties until 8/15 and more) and keep her maintained with an open checkbook. SONIA STELLA will not disappoint even the most discriminating buyer.

Exclusions

While every effort was made to list all pertinent included equipment aboard SONIA STELLA, there are some personal belongings aboard. Prospective purchasers should assume any item not specifically mentioned herein will not convey at closing. Named electronics are personal items belonging to the crew which include the tools and the tender.

Exclusions

Owner's personal belongings.

Disclaimer

The Company offers the details of this vessel or yacht in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his representatives, agents, or his surveyors, to investigate such details as the buyer desires validated.
