SPECIFICATIONS

Overview

If you are ready to go Champaign Cruising on a Beer Budget you have just found your yacht! This proven Hunter 35.5 has got to be the most cruise equipped on the market today if ever! With all the right stuff including solar panels and wind generator and even a water-maker! You could cruise to the islands tomorrow and stay on the hook as long as your heart desires... The previous owner sailed from Kemah across the gulf to Grenada and back as well as participated in the Harvest moon Regatta (a 150 mile offshore race across the Gulf of Mexico) five times and won the first place trophy in its class in 2002. The current owner has spent the last year going through findings in the survey when purchased and upgrading and improving it to a much higher level so it is ready to go again. The only reason he is selling is that he has found another larger model that he is ready to move up to and is ready to sell. Take a close look at "Windswept" and you will find a lot of boat for the money that you can live your dreams on in comfort and style. Be sure to click on FULL SPECS to see ALL that this one has to offer and call today for more details, the set up for a personal tour and inspection or to make an offer. This one will not last long! **Recent Upgrades and Improvements**

We would like to start off the FULL SPECS with all that the current owner has done over that last year and couple of months to make this a turn key vessel. See below...
