## Overview

---

Thinking about a Pre-owned Blackfin, Intrepid, Contender, Jupiter, Whaler, Regulator

Take a look at this Salt Shaker Center Console/Cuddy Cabin powered by Twin 300 Suzuki's (under warranty through October 2014) !!!

### **REMARKS:**

*A while ago a boat builder named Joe Maggio saw how well the Blackfin 29 hull performed. He took that design, made it better, and built his own new boat to the highest standards ever used by a boat builder. These custom built boats became the Salt Shaker 30CC. You can't board this vessel without your first impression being that of excellence. Every detail is well thought out, and well built.*

This Salt Shaker 30 with its unique manufacturing concept in which hi-tech composite materials, style and function are artfully blended together to create the ultimate blue-water fishing machine. Custom made for the sport fishermen who simply won't settle for second best.

The SALT SHAKER 300 has been built since 1986 as a limited edition, semi-custom quality Center Console/Cuddy designed for the sportfishing purist or the "casual" sportfish boater who wants to be able to go comfortably offshore whenever he/she wants. Each boat is customrized to meet the individual owner and the quality and attention to detail are on a par with the best in the industry. Built on a solid fiberglass hull with reverse chines, a relatively wide beam and full foam flotation, the deck layout of the SALT SHAKER is arranged with bench seat forward of the console and a small cuddy cabin in the bow with a vee berth and overhead rod storage. Standard fishing amenities include 2 in deck fishboxes, a circular livewell, custom bait trays and a salt water washdown. There are 2 large storage lockers, one forward of the console in the cockpit sole and another under the console itself. Additional features include a pulpit, lockable electronics storage, trim tabs and a full width swim platform. The 300 SALT SHAKER is one of the largest center consoles in her size range ever built.

This boat is for sale by her SECOND owner/ "MUST SEE" for the quality Center Console buyer in the size/price range
