SPECIFICATIONS

Overview

The Windy Oceancraft 760 offers the same intense boating experience as her twin sister, the 761, the only difference being the open area in the aft to accommodate the high performance outboard engine.

Basic Information

Category: Motor Yacht

- Bow docking lights
- Trim tabs with anodes (new 2011)
- Console, seat & aft cushion covers

Broker's Comments

Overall Measured Length: 28'1" inc. 3' eng up; beam 7'11"

The 760 is a pure-breed Windy in the best Scandinavian traditions. A simple, no-nonsense centre console gives excellent full walk-around decks, protection for the driver and crew underway, and the cuddy is big enough to store off your cruising day kit.

This example is powered by the very smooth-running Yamaha F225, delivering silky power throughout the rev range, with plenty of torque through a stainless prop. For low-end pull, and performance into the mid-thirties. Through the water, the hull is wonderful to drive, difficult to slam even through bigger troughs, with very predictable response thanks to her fine true deep-vee profile.

RAMPAGE has been considerably improved by her owner – with the addition of much new equipment including a full Garmin navigation suite, her teak has been sanded, re-caulked as required and sealed, upholstery has been renewed, her outboard has been serviced and given a smart new protective cowl cover.

Simply a great, fun, and very practical day-boat, with exceptional pedigree.

Engine Configuration & Machinery Details

- Single F225 250H Yamaha four-stroke petrol outboard engine with Yamaha Morse control (replaced 2011)
- Stainless steel propeller
- C.600 hours run (January 2015)
