Accommodations

Total Cabins: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: Cummins

DETAILED INFORMATION

Layout and Accommodations

"Avalon" is easily boarded off her large integral swim platform and through into the cockpit with a transom door. The boat has quite a large cockpit for a 35 footer which is equally at home being used for fishing or setting out chairs and relaxing. The cockpit features in deck storage /fish boxes and stainless cockpit sink with drawer storage below. Safe access to the bow is easy with wide side decks and well placed grab rails. The command bridge provides the functionality of a flybridge with great sight lines but is only three steps up from the cockpit making it easy to single hand the boat and is very family friendly as well. The bridge area has wrap around seating to port and a well appointed helm to starboard. "Avalon" has a hard top with a navy blue canvas/isinglass four sided enclosure.

Moving into the cabin you will be surprised with how spacious this 35 footer is inside. A galley with stove and oven, microwave, and dual under counter fridge/freezers is to port and opposite is a huge dinette that provides plenty of seating then converts to a king size berth. Forward is a private master stateroom that has a seating area, abundant drawer and locker space and an island queen berth. The head has a vacuflush style head, sink and vanity, and a stall shower with teak grated sole.

The interior features a rich teak and holly sole, nice softgoods and upgraded cherry cabinetry. The exterior is a show stopper with its shiny navy blue Awlgrip painted hull. A great boat that combines a proven ride, efficiency, spacious and versatile layout and just plain good looks!
