SPECIFICATIONS

Overview

Price Reduction This 1994 Hybrid Intrepid "Evolution" that was REPOWERED IN 2003 is a must see! The boat has been kept in a covered slip for the last 10 years and has been well maintained and is in excellent condition. It is a perfect boat for making that long run off shore to the middle grounds in comfort, taking that weekend cruise, or just hanging out and having fun with the family. The owner has done many upgrades to the boat including: custom powder coating the bow rails and radar arch to match the gelcoat, enlarged custom livewell, new vinyl on cockpit soft goods and bow sunpad, added additional rod holders to the back of the helm seat, new fusion radio with JL speakers subwoofer and 2 amps, Bose sound system for the TV, upgraded electronics, new isinglass glass enclosure, battery charger, Lewmar Profish free drop windlass, Engine flow meters, Generator rebuilt May 2014, and much, much more! For further details and upgrades see the full specs section.

This boat represents the best Intrepid has to offer because you get a unique step hull designed by Michael Peters, the finest materials utilized in the building process, combined with the weight of the diesels to give you a great riding express boat that can fish, dive, and cruise in just about any given sea condition. This boat is perfect for the sport enthusiast who is looking to keep the family happy and still accomplish the goal of owning a fishing and diving boat that lives up to his or her high standards of a quality semi-custom boat.
