# DETAILED INFORMATION

---

## Accommodations

---

The tri-level layout demonstrates an intelligent use of space with accents on family comfort and usability. Twin molded fiberglass staircases lead from the teak planked swim platform to the aft deck with its U-shape lounge and table, a perfect invitation for al fresco dining at the yacht club, or on the hook in Nantucket Harbor. A glass door slides open to the salon and you are greeted with the warmth of hand-finished teak joinery, and the rich textures of designer fabrics and soft leathers balanced with natural lighting that feeds in from the salon windows.

A custom made sofa and cocktail table on the port side faces teak cabinetry with a built-in entertainment center and flat screen television, which rises on an electric lift. Moving forward, the center area combines a formal dining area with seating for eight, and a galley capably equipped to turn out anything from a shrimp cocktail to a 20-pound roast.

A lower helm station is complemented with an electronic navigation and communication package provided by Viking sister company Atlantic Marine Electronics. The helm area features a pair of leather seats and additional seating is available at the port settee. Lounge seating also is provided forward on the main exterior deck, along with a large sun pad making this a most versatile area at the dock or under way.

Below, accommodations include five nicely proportioned staterooms, each with its own head and shower, including a full beam master suite and crew quarters with private access from the stern.

Topside, the flying bridge deck is ideal for entertaining and relaxing with multiple lounges, a wet bar and grilling area and a centerline helm.
