Manufacturer: Mercury

Model: 6.2L Horizon FWC

Engine Type: Inboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

While many cruising yachts less than 40 feet in length are best-suited to overnight or weekend stays, Meridian's 341 Sedan has redefined the class by providing the comfortable accommodations and extra features you need for extended cruising. This cruisability incorporates accommodations for four in two spacious staterooms, a full-service galley with all the amenities and an airy salon with opening windows, panoramic views and entertainment center with 20-inch LCD television, AM/FM/CD/DVD system and both salon and bridge speakers. And, like the rest of the Meridian Yachts 2007 fleet, she also offers standard underwater exhaust and a variety of available Northstar navigation and communications systems. The 341 from Meridian redefines just how much cruising comfort you can design into a compact sedan.

Engine Notes

Twin Cummins MerCruiser gas and diesel engines also available.

Exclusions

Owner's personal belongings.
