SPECIFICATIONS

Overview

The GTMM39 is the ultimate performance boat with an efficient 2-step hull, which provides enough hull ventilation for all out speed. However, enough of the running surface remains in the water to maintain its stability and safety. The boat's incredible acceleration and maneuverability are exceptional. The 39 is able to enter turns at high speeds in order to avoid obstacles, jet skis and the occasional diver.

The lamination schedule is designed by John Cosker. He has created a hull that is light but extremely strong. The construction of the 39 has a hand-laid, vacuum bagged lamination, using Vinylester resin with carbon, S-Glass/E-glass/Kevlar using stitched double bias fabrics and other proprietary woven materials. Thus, making her stronger, tougher and virtually unstoppable. The GTMM39's hull and deck come with a 2-year warranty.

The 39 offers an open cockpit with wrap around windshield. She has a 5-person cockpit with two ultra-comfortable front driver seats and plush seating in the rear for three. All upholstery is custom designed to meet each client's specifications and design requests.

The 39 benefits from technologically advanced power packages from Mercury Racing, paired with Herring props. All hardware is imported from Italy. The cleats are laser etched and come standard with the GTMM logo or can be customized with initials or vessel name.

Located in Miami, she is available for your inspection thru advance appointment.

Basic Information

Category: High Performance

Model Year: 2013

Year Built: 2012

Country: United States

Dimensions

LOA: 39' 0" (11.89m)

Beam: 8' 6" (2.59m)

Speed, Capacities and Weight

Cruise Speed: 60.82833694 Kts. (70 MPH)

Max Speed: 91.24250541 Kts. (105 MPH)

Displacement: 8400 Pounds

Fuel Capacity: 240 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Mercury

Model: Racing

Fuel Type: Gas

DETAILED INFORMATION

Construction

- All CNC Machined
- Hand laid, vacuum bagged, using epoxy resin, S-Glass/Kevlar stitched double bias fabrics and other proprietary woven materials
- Main lay-up: Kevlar/S-glass/E-glass fiber construction with balsa cored hull and deck
- Deck is reinforced and bonded around entire perimeter with integral bonding carbon
- Custom fade paint

Cockpit Configuration

- Open cockpit with wrap-around windshield
- Seating - Driver plus 4

Hull Design

- Mono hull with 2 steps, 5 axis computer tooled proprietary ventilated bottom technology

Technical Specifications

Deck:

- Imported Italian custom hardware
- Deck hatch
- Navigation lights (recessed/pop-up)
- Fuel fill

Console:

- Custom dash
- Mercury Vessel view (2)
- GPS
- Imported Italian steering wheel
- EAO switches

Cockpit:

- Cup holders
- Floor lighting
- Foot rests
- Race-Style adjustable driver seats
- Rear bench seating for 3
- Under seat storage and cooler
- 6" CO-AX speakers (6) and 10" sub-woofer (2) with amplifier

Safety Equipment:

- Fire extinguisher (2 manual)
- Kill switches (2)

Engine Compartment and Racing:

- Batteries, heavy duty group 27 (3)
- Battery boxes with custom race brackets (3)
- Battery charger
- Battery switches, parallel explosion proof (3)
- Bilge blowers (2)
- Bilge pump (2), Heavy duty 2000 gph (2)
- Engine mounts, steel brackets
- Fuel filters with water separators (2)
- Aluminum fuel tanks
- LED engine room lights
- Hatch - sun cushion
- Hatch - hydraulic control
- Mercathode system
- Mercury X-haust system
- Herring propellers (2)
- Mercury K-Plane trim tabs
