SPECIFICATIONS

Overview

A professional crew has maintained AQUARIUS-S without a fixed budget. AQUARIUS-S is without a doubt the finest and best maintained Falcon in this size range available. The 106 offers 80cm more beam than the smaller 100' Falcon, which results into about 1/5 extra volume that is very noticeable throughout the yacht.

The Falcon 106 has similar interior volume and beam as the Falcon 115. The Falcon 115 has a larger aft deck and a larger swim platform. A new Falcon 115, with the extensive equipment list of AQUARIUS S, costs approximately EUR 8.6m.

AQUARIUS-S has an excellent layout with one master cabin, two beamy VIP cabins and two twin cabins. Thanks to the attractive layout, the yacht has an excellent charter history and can be available on a try-before-you-buy basis.

AQUARIUS-S is offered at less than one third of the full replacement cost of the Falcon 115' model which replaced the 106 model. The Falcon 115 has about the same beam, internal volume and layout. The Falcon 115 does have a larger swim platform and longer aft + sundecks. The 106 can easily be extended to 110' length overall by extending the swim platform, as is done on more recent Falcon Yachts.
