Remarks

2008 Cabo Yachts Inc. 32 Express, Red Koi is the cleanest fully loaded Cabo 32 Express available, a must see for any late model express buyer. Lightly used with only 370 hours on her

Cummins QSB 5.9's, it is the most efficient, quietest, and cleanest of available engine options.

A complete bottom job was done in June '14 and props tuned. Full Raymarine electronics package including two E120 displays at the helm, an E80 on the tower, HD radar, autopilot at helm and tower, multi-function instrument display, satellite weather and television. Two infrared cameras that display at the helm are located in the engine room and atop the tower to record anglers in the cockpit. Ordered with all of the options and custom upgrades. She features a red Awlgrip hull, custom J&J tower in Awlgrip white, teak and holly floor in cabin, and swim platform. Custom helm seating and interior with red piping and all teak varnished in high gloss. The windlass has been upgraded to the Lewmar Pro-Fish. She measures 32'10" with a 13'3" beam. That's a beam/length ratio of 40%! Something that you rarely see in any size boat, and it means she has a larger cockpit, wider bridge deck, and more spacious interior than any boat in her class. You will not find any other sportfisher of this size that tracks better or keeps you dryer.

Exclusions

Owner's personal belongings.
