SPECIFICATIONS

Overview

"Amarula Sun" truly stands apart from all other 58 Sea Rays. With only 300 hours on her 900hp MAN Common Rail engines, she is both fast and economical to operate. She has an extensive list of upgrades and custom touches both inside and out to allow you and your guests to enjoy boating in the lap of luxury. The highly desirable hydraulic swim platform allows you to easily carry and launch your jet ski or tender at the push of a button, or simply use it as an additional lounging area. Both the aft cockpit and flybridge are finished with beautiful teak decks. An unmatched audio/ visual system throughout will keep you entertained whether you're lounging on the flybridge or dining in the salon. The full beam master stateroom and each additional stateroom, as well as the salon, include upgraded TV's, each with it's own DirecTV satellite receiver. The custom wood plank flooring in the main salon and galley is matched to the cherry wood cabinetry, another of many custom touches that put this boat head and shoulders above the competition. In the evening, the underwater lights provide an elegant and relaxing atmosphere aboard "Amarula Sun" that is truly breathtaking and must be experienced to be fully appreciated. For extended stays at secluded anchorages "Amarula Sun" is equipped with a 960 gallon per day watermaker, a rarity in boats in this class.
