DETAILED INFORMATION

2006 41 Rinker 410 Diesel Express Cruiser

Original owner with only 430 hrs on Cummins common rail technology diesels. The inside is like new and loaded with options throughout. A very spacious 2 stateroom layout with an open salon and galley and nearly 7' of headroom. If you are in the market for a mid size diesel cruiser that has been well kept, this is your boat!

Highlights: Cummins QSB common rail engines (430hrs), upgraded 10kw generator, bow thruster, SAT radio, flat screen TV's throughout, cockpit TV, galley oven, ice maker, cockpit refrigerator, cockpit trash compactor, washer/dryer, central vac, see full specs for complete details.

ACCOMMODATIONS

Entering through the salon sliding door and down 3 teak steps you will enter the spacious salon/galley entertaining area. The interior is in perfect shape featuring teak and holly wood flooring, beautiful cherrywood cabinetry, neutral tan and earth tone décor and plenty of natural light if desired through the flush mounted overhead hatch. The salon features a couch to port that converts into a berth and further forward is a leather recliner. There is base mount in the flooring for the teak table which is in perfect shape and tucked away in a designated closet with a storage system.

To port is the full galley with standup refrigerator/freezer, good sized oven, 3-burner cooktop, microwave, and plenty of counter space and storage. The flatscreen TV is mounted over top of the refrigerator in a position viewed anywhere in the salon/galley.

Aft of the galley is the head featuring teak slat flooring, electric toilet, sink, and a large enclosed shower. The washer/dryer and linen closet are tucked away aft with good access.

Forward of the salon/galley area is the master stateroom featuring a queen berth with storage underneath and an area to get around either side of the bed.

Aft of the salon/galley area is the second stateroom with a double bed and storage underneath. There is also a seating area/small berth to starboard of the bed.

Adding to the list of standards is an 18,000 BTU reverse cycle air conditioner with another 7,000 BTU unit for the aft stateroom.

The helm and cockpit of the 410 is another great area with an open 360 degree view and a full enclosure made to open up when the weather is nice so there is plenty of airflow. With plenty of seating, a built in blender, ice maker, wet bar, refrigerator, and trash compactor this area was made for serious entertaining.
