SPECIFICATIONS

Overview

(LOCATION: Cape Coral FL) The Catalina 387 has earned an international reputation as the leader. Built to accentuate style, performance, and comfort Catalina has become the choice of sailors worldwide. Equipped with a wing keel designed for shallow water this 387 will get to places otherwise inaccessible. She features a roomy cockpit and comfortable interior with two private staterooms. On deck we have a spacious cockpit with bimini top & dodger, cushioned seating, cockpit drop leaf table, and Edson Diamond pedestal helm. This sloop-rigged cruiser has mainsail with Schaefer roller furling system, genoa, aluminum mast and boom, stainless steel rigging, and self-tailing winches. Auxiliary power is provided by a Yanmar 40-hp diesel engine. The interior is good-looking with teak & holly sole and extremely comfortable. The salon is open with wraparound ultra leather settee and dining table to port with convertible seating and fold-away table to starboard. The L-shaped galley is located aft and is equipped with a stainless steel three-burner range with oven, top and front loading refrigerators, microwave oven, and cabinets with solid surface counter and stainless steel sink. There are two private cabins. The master aft cabin features centerline queen berth, under-berth storage, hanging lockers, and dual dressing areas with settees. The head compartment with vanity and shower is located starboard, opposite the galley. The forward stateroom has v-berth, under-berth storage, and hanging locker. The Catalina is well equipped, carefully maintained, and is ready to sail. A bow thruster aids in docking and low speed maneuvering. The Raymarine electronics include: GPS, chart plotter, multi-function display, speed log, wind indicator, depth sounder, auto pilot, Jensen CD sound, Sirius receiver, Ritchie compass, and VHF DSC radio. Call now to schedule a showing of this wonderful Catalina.
