# DETAILED INFORMATION

---

## Accommodations

---

The vessel sitting majestically dockside looks like it is begging to set out on an adventure. The flared bow with dark blue hull, blue bridge enclosure, and blue feature stripe gives this trawler a balanced, sturdy look.

The vessel can easily be boarded along the wide side decks with all welded stainless steel hand rails. Access from the water by tender is a snap with the large swim platform with convenient transom gate. The large aft deck is protected by the sun from the extended flybridge aft deck. Other aft deck features include large aft cockpit, storage well, staircase to bridge with cabinet, lazarette hatch, overhead rod storage, flip down boarding steps, and enough room for a table and chairs. The wide side decks with non skid sole give safe passage to the bow. The bow has a raised cabin deck with 3 chrome finished Bomar hatches. Large forward pilothouse windows are shaded by the bridge brow and three stainless steel wipers provide great visibility during the voyage. Anchoring is made easy by a Lewmar windlass and a stainless steel pulpit anchor guide with polly rollers. Two large deck hatches forward provide access to the rope locker, electrical cables and anchor faucet wash down. A large stainless steel bollard and two additional cleats make for easy mooring.

A large bi-fold door from the cockpit allows captain and crew access to the well appointed salon. All the way forward to port is the dinette with a leather bench seat forward, varnished pedestal table, and two wicker accented bar stools. Behind the dinette is a long leather settee which converts to a sleeper sofa. Across to starboard aft is the galley. Some appointments include Corian countertops, double stainless sink, Princess oven & stove, microwave, and abundant storage in teak accented drawers and cabinets. Forward of the galley is the lower helm with a full complement of gauges and controls. Raymarine chart plotter, bow and stern thruster controls, Glendenning clutch controls and ACR spotlight are just a few highlights which make operating this gem of a boat a breeze.

The forward companionway provides a quick path to the forward cabins and head. The master stateroom all the way forward includes an island queen berth. Large hanging lockers port and starboard have cedar lining and teak cabinets and wall coverings give a warm cozy feel to the cabin. Other features include large deck hatch, reading lights, and a carpet sole.

The head across to starboard boasts a large separate shower stall with seating area, stainless steel sink, electric head, mirror, and deck hatch.

The flybridge central helm with pedestal captains chair gives you 360 degree visibility. Crew and guests will enjoy 2 forward bench seats, mid ship L-shaped bench seat and long bench, flip up table, and huge aft deck for dining under the stars.

---

## Galley & Laundry

---

- Galley up
- Double stainless steel sink
- Princess stove & 3 burner cook top
- Nova Cool refrigerator & freezer
- (12) teak cabinets
- (5) teak drawers
