Overview

Overview

The 500 Sport Yacht is a recent creation from the American Marquis yacht yard. This is a very special vessel. Every last detail has been scrutinized to reflect Marquis Yacht's outstanding reputation for obsessive attention to design detail and unmatched yacht construction quality.

The 500 Sport Yacht can be operated from either the flybridge or the fully equipped salon helm station. Power is supplied by three Volvo Penta diesel engines coupled to IPS rotating pod drives – the most innovative and efficient engine/drive system available. The result is superb slow speed torque; thrilling top-end speed and exceptional joy stick controlled slow speed maneuverability. And, while powerful – this engine and drive combination is quieter and more efficient than traditional shaft driven propulsion systems.

The features incorporated into this yacht reflect forward thinking from the Marquis Yachts design team. The low profile sport bridge is for people who love fresh sea air and warm sunshine. There is no shortage of lounge space. Choose the privacy of the triple-wide foredeck lounge or the contoured bridge lounge or the spacious sun pad aft of the bridge.

With the opening of the aft bulkhead doors, galley, salon, cockpit and swim platform are integrated into a single level social area. For additional cockpit space the transom is moved aft with a simple touch of a button. Awe inspiring interior appointments include yacht finish woodwork custom crafted from a number of exotic hardwoods.

The prestige associated with the Marquis brand has been earned over time and is undisputed by the world's most knowledgeable yachtsmen. The new Marquis 500 Sport Yacht reflects the knowledge of a highly refined owner that recognizes world class style and fine yacht quality.

Broker Comments

This is a single owner vessel. The owner is moving into a larger yacht. This low hour Marquis has been captain maintained since new. She is in impeccable condition and shows like new. She can be enjoyed at hull speed or 30+ knots allowing for great cruising versatility. Please contact me to schedule a walkthrough.
