DETAILED INFORMATION

Remarks

The Princess 65 MY features superb accommodations, head turning performance and exceeds expectations of a boat her size. The open Salon and Dining area gives you the feeling of a much larger boat. The cockpit is unusually large, and the area for seating, dining and sunbathing on the bridge is massive.

This 65 Princess has every option available and features the rich dark cherry interior wood finish. It sleeps 8 owners and guests in 4 staterooms fwd, plus crew for 2 aft. There is a passerelle for easy boarding, a concealed transom davit, water-maker, bow thruster, stern thruster, Sat TV, Bose surround sound, and new flat screen TV's in the Salon and all staterooms. It has teak decks including the side decks & fly-bridge area, upgraded electronics, newer cushions on the bridge, newer heavy duty bimini top, separate washer and dryer in the 4th stateroom/utility room to name a few features.

220v/110v/60Hz Electrical System (USA), Electrical bonding and lighting meets or exceeds ABYC standard, 21.5kVA/60Hz Generator.

This boat has been meticulously maintained by her current owner and yacht management company and shows extremely well. ALL GOOD is one of the only Princess 65 Sport Cruisers to have USCG approved coastwise trade endorsement on the document. That allows this yacht to charter legally.
