SPECIFICATIONS

Overview

Considered by many to be the best Convertible Hatteras ever built, the Fog Cutter improves on that Legacy with modern QSM11 660HP Cummins Engines, ZF marine gears, ZF electronic engine controls and Northern Lights 12 KW generator all installed new in 2007. A constantly improving electronics package. Custom Fiberglass window frames and all new Marine Air condition systems, Dripless shaft seals, under water lights, recent Interlux/International barrier coat job, Full length spray rails, Granite counter tops and new fixtures, plus so much more. The seller has spent the past seven years investing hundreds of thousand dollars to create a very impressive and successful fishing machine and now wants something bigger. Take advantage of his time and money improving upon what Hatteras started and purchase his pride and joy at a fraction of what he spent and or what it would take to be duplicated!!!
