SPECIFICATIONS

Overview

MY 360°, (ex-SONKA and APRIL FOOL) is well known to many as a yacht providing top level service combined with a cruising experience of refined luxury. The three spacious aft decks offer a host of opportunities for alfresco living with open seating, lounging and dining areas located across the decks. While the vast sundeck with its Jacuzzi pool and luxurious sun-lounging areas offer the ultimate space for recreation, the upper salon will allow guests to relax and enjoy the on-board entertainment system.

DETAILED INFORMATION

Vessel walkthrough

Main deck The Main aft deck offers a very large surface, a table for 8 and a direct access to the upper level thanks to the 2 lateral staircases which have made the success of the ISA design. Inside, the main deck offers one large area which includes both the main saloon and the dining saloon. The saloon is full beam and large windows allow plenty of light to shine on the Cherry, Wenge and timber woods. 10 guests can sit comfortably in the sofas and chairs and the round table extends to 10 also. A large screen LCD HD TV connected to a complete entertainment system is located on the port side. Moving further towards the bow, is possible to access to the 4 guests cabins located on the lower deck or to the upper saloon using a central staircase. It features a guest day head and the main galley. The well-appointed main deck owner's suite, features an en-suite bathroom and study. The study offers a large desk on starboard and leads into the main part of the cabin with a king size bed, walk-in closet and access to the bathroom. The owner's bathroom is very spacious and offers a Runner with LCD TV, a large American shower, a sauna, a bath, vanity mirror and 2 sinks. The bathroom is very nicely decorated with Onyx and red carpet. The aft main deck offers an outside dining table for 8 with an access to the saloon or to the upper decks using two beautifully designed staircases. **Lower deck** The lower deck accommodates four guest staterooms, two VIP and two Twin cabins, all en-suite. The same meticulous attention to detail we have found in the Master Cabin has been maintained to ensure the highest standards of luxury and elegance. **Upper deck** From the aft balcony on the upper deck, two sliding doors open to the upper lounge. This area features a design sofa where can seat comfortably 3 persons and 4 armchairs. The chimney, placed in front of this conversation space, add a bit of cosy and intimate atmosphere. On the port side is a small desk with computer facilities. On starboard is the access to the day head, bridge and staircase to the lower levels. On the right side of the corridor the large pantry features a 100 plus bottle wine cellar, espresso coffee machine, fridges and more. The bridge is located on the upper deck and offers state-of-the-art navigation equipment. Featuring unusual red sofa and pilot seats, it is also a very nice area to enjoy the crossings and sharing the navigation's experience. **Sundeck** The flybridge offers a unique panorama where the guest can be delighted from the cool breeze under a large Bimini. The Jacuzzi bath is surrounded by sun bathing cushions and features a large table for 10.

Refit comments

Thanks to a steady upkeep and two extensive refits between the 2010 and 2013, MY 360° looks as a brand new yacht. Her owner has in fact not spared any effort to maintain her to the highest standards. In 2010 a general renovation has included the total new exterior painting, new interior decoration and design, new furniture and cushions throughout, complete new bridge and navigation system (cameras, GPS, steering, radio, radar...), the stabilizers were doubled in size making the yacht very stable both at sea and at anchor. All the services on the engines have been performed successfully and the yacht has been provided with high speed Internet WiFi. The last refit, occurred between the winter 2012 and the spring 2013, has instead included the latest navigation and audio/video instruments updates, a new fire protection system, a full restoration of the machinery and the hull, updating of the water toys selection, new carpets and furnishing. Yacht is virtually new: built in 2003, she was totally refitted in 2010 and 2013. · Eclectic and contemporary design with a "Boutique Hotel" atmosphere · Young, dynamic and International crew · Zero-speed stabilization · Many water sport activities · Deck Jacuzzi · Unique exterior design

Exclusions

Owner's personal belongings.
