SPECIFICATIONS

Overview

The exciting Riviera 5800 Sport Yacht, is the most dramatic of the company's European-style Sport Yacht series. The Riviera 5800 Sport Yacht takes luxury boating to a new level with a three-cabin, four bathroom layout. The layout includes a full beam master stateroom amidships with a king size bed, an expansive cockpit with large dining table and a tender garage that can accommodate an Aqua Scan 110 HP Jet Tender. The greater volume has allowed designers to take both exterior lines and internal design to a new level of sophistication to create even more visual appeal. Fixed and opening port-lights in the hull are a striking feature that add natural light and ventilation into the full beam master stateroom. Advanced technology and easy maneuvering with joystick controls including IPS Pod Power System with exceptional fuel economy.
