Accommodations

Anne Bonny is the perfect Caribbean cruiser with tremendous ventilation, two queen berths, walk-in shower, custom cabinetry, cockpit seating and much more. She is ideal for tropical cruising. Entering the vessel from the cockpit through the sliding glass door you reach the main salon with a large U-shaped dinette with seating for eight. In the port hull you have a large workable galley down, a forward stateroom with queen size berth custom cherry wood cabinets and ample storage. Aft of the galley is a stateroom that has been converted to a large pantry area with additional storage. The Starboard hull provides the Navigation Station area and aft is a very large separate walk-in shower and head. Forward of the Nav. Station is another large stateroom with a queen size berth.

Manufacturer Provided Description

Enjoy comfortable and exhilarating sailing on a PDQ 36 Capella, formerly the PDQ 36 MkIII. PDQ stands for Performance, Dependability, and Quality. The superb design creates a stunning, airy interior offering privacy, a gracious entertaining area, and two luxurious staterooms complete with queen-size beds. She is the ideal size for singlehanded, perfect for family cruising, or two couples on a holiday. Every PDQ is hand-crafted with custom-fitted cabinetry, incorporating the finest cherry veneers, teak accents and three coats of varnish throughout. The saloon table is optionally offered as a convertible table-bed for additional sleeping space. The PDQ 36 Capella is constructed of the highest grade, 100 per cent vinylester resins, biaxial knitted fabrics with Klegecell coring fused together under vacuum pressure. The yacht is built with tremendous structural integrity, designed for severe sea conditions. She has six watertight flotation tanks fore and aft offering unparalleled buoyancy and safety. All sheets, halyards, and reefing lines lead to the protected cockpit, for ease of handling. A PDQ will sit upright on her keels and rudders for convenient storage, a bottom scrub, or beaching. The interior space equals a 45-foot monohull, while speeds can match a 65 footer. The fine hulls slice through the water with refined smoothness, making an easy 200 miles per day. Reach destinations faster than ever before, enjoy the near absence of heeling, feel the confidence of great stability no matter how fast she's sailing. With the addition of our flexible aft cabin layouts (office, workshop, berths, or storage) this is the ultimate boat for our true bluewater adventurers. Many of our owners offset their expenses by keeping their PDQ's in charter fleets in Florida, the Caribbean, Hilton Head, and the beautiful Chesapeake Bay. By combining personal cruising in desirable locations, with income from established charter firms, the cost of acquiring a PDQ can be greatly reduced.
