

READY FOR 2015 — SEA RAY

Судостроитель: SEA RAY

Год постройки: 2000

Модель: Крейсер

Цена: ЦЕНА ЯХТЫ ПО ЗАПРОСУ

Местонахождение: United States

Длина общая: 41' 0" (12.50m)

Ширина: 13' 10" (4.22m)

Макс. осадка: 3' 4" (1.02m)

Купить **Ready for 2015 — SEA RAY** а также выбрать подходящую вам яхту из нашего **каталога яхт** вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания **Shestakov Yacht Sales Inc.** имеет большое количество яхт в **собственном списке продаж**, а также тесно сотрудничает со всеми крупными **яхтенными производителями** по всему миру.

Для того чтобы купить яхту **Ready for 2015 — SEA RAY** а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

ХАРАКТЕРИСТИКИ

Основная информация

Тип судна: Крейсер

Подкатегория: Express

Модельный год: 2000

Год постройки: 2000

Страна: United States

Размеры

Длина общая: 41' 0" (12.50m)

Ширина: 13' 10" (4.22m)

Макс. осадка: 3' 4" (1.02m)

Длина привального бруса: 41' 6"
(12.65m)

Скорость, вместимость и масса

Водоизмещение: 21000 Pounds

Вместимость воды: 100 Gallons

Вместимость сточного бака: 42
Gallons

Объем топливного бака: 335
Gallons

Размещение

Всего коек: 6

Корпус и палуба

Материал корпуса: Fiberglass

Информация о двигателе

Двигатели: 2

Производитель: Cummins

Модель: 6СТА

Тип двигателя: Inboard

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

Manufacturer Provided Description

If the boating life is to be a higher expression of luxury and performance, then the Sea Ray 410 Express Cruiser is the way to achieve it. Designed for those who want superb handling in big water, the 410 Express Cruiser features twin 380 horsepower MerCruiser inboards positioned farther forward to allow for straight shafts. This creates more room in the engine compartment and makes for a spacious cockpit. With its wider beam and contemporary deck design, the 410 Express Cruiser features wide walkways, a seamless fiberglass sport spoiler, an ergonomic dash and plenty of storage. The helm of the 410 Express Cruiser is highlighted by high-gloss molded burl instrument panels, a wood-accent steering wheel and all the very latest in navigational technology, still with plenty of room for optional electronics. A custom adjustable helm seat with a flip-up thigh-rise bolster gives the captain plenty of elbow room, standing or sitting, while a companion bench seat allows guests to enjoy the view too. There's also a recessed wetbar in the port-side panel, designated storage for the cockpit table, an icemaker or an optional refrigerator and plenty of storage space. If extra sunning room is a priority, an optional forward deck sunpad can also be added. The aft transom wall has its own storage compartment for docking equipment. The standard swim platform creates ample room and easy water access for diving, or the hydraulic lift swim platform can be chosen for storing a PWC. The aft cockpit offers plenty of seating with aft- and forward-facing bench seats. For those who prefer the action of deep-sea fishing, an optional live baitwell system can be added to the transom wall, which also includes fold-up seating. Inside, the cabin amenities ensure live-aboard comfort by way of two luxurious staterooms, a spacious, fully-equipped galley, standard TV - VCR combinations in the salon and forward stateroom, and a Clarion AM-FM digital cassette stereo with a six-disc CD changer, subwoofer, eight speakers and a cockpit remote control. A large, flush-mounted skylight brightens the interior of the 410 Express, making it easy to appreciate the design and detailing. The large head area has dual doors that allow private entry from the forward stateroom. Extra guests No problem. The spacious salon becomes a stateroom at the touch of a button with an electric slide-out sofa bed. Everything is meticulously crafted - from the cabinetry and countertops to the mirrors - to create a sense of flow and elegance throughout the interior. For easy access to engine components, the 410 Express Cruiser has an electrically operated engine hatch that lifts the forward cockpit sole to expose the entire engine compartment. Technical features on board include a full complement of Raytheon electronics for communications and navigation, battery on-off switches at the main distribution panel and in the bilge area, hydraulic steering with a tilt wheel, a systems monitor at the helm, an emergency start system and Sea Ray's patented underwater exhaust for exceptionally quiet cruising.

Equipment List
