SPECIFICATIONS

Overview

Among the many reasons why Sea Ray practically owns the market for Bowriders, innovative styling probably ranks at the top of the list. Indeed, the compelling lines of the Sea Ray 210 Select are as good as it gets in the run about class. The 210 Select carries a wider beam compared to many boats at this size and price point. The ride is smooth and dry on a deep-V hull with moderate beam and a solid fiberglass bottom. Her spacious cockpit features Hi-Lo aft seating, two captains chairs and bow seating. A built in cooler with overboard drainage to port keeps your deck space clear for water sports. A spacious swim platform with a 3-step swim ladder makes enjoying the local spoil islands with family and friends a breeze. A gas-assisted engine hatch provides easy access to the engine room. Below decks there is a centerline storage compartments for water sports or camping gear. The Sea Ray 210 Select has everything you could ask for in a mid-sized bowrider. The single MerCruiser 5.0L (gas) with 260hp and Alpha I sterndrive give you a fast and efficient cruise at 31 knots at 3500 RPM. This boat was first put in service in IL in 2009 and has just recently made its way to Tampa, FL.

Basic Information

Category: Runabout

Sub Category: Bowrider

Model Year: 2007

Year Built: 2007
