SPECIFICATIONS

Overview

The new Prestige 420 Fly is everything that you find in a much larger yacht but she fits in your 42' slip. The exterior is marked by timeless lines, roomy and airy flybridge and cockpit, while the interior is a mix bright open spaces on the main deck and more private space in the two staterooms with separate entrances below. Finally, the comfortable and secure hull, designed to be powered by twin Volvo Penta IPS, delivers on the promise of exceptional seakeeping and handling. She offers the best performance and fuel efficiency of any vessel in her class. And for the novice boater, or one that is new to a vessel of this size, her three-station joysticks take all the anxiety out of maneuvering this yacht around the dock or any tight spot.
