SPECIFICATIONS

Overview

Second Price Reduction. This vessel must be sold in the next 60 days!

It is difficult to believe that a Carver 356 can offer the extraordinary accommodations that she offers. Although the galley is slightly below the main salon its location opens up just that much more salon conviviality area. The galley opens up laterally and vertically into a more social center. The dinette also opens into the salon area for continued open livability.

The aft stateroom features a walk around queen size berth. Both the aft and forward staterooms are serviced by bathrooms including showers. There is commodious seating in the enclosed aft deck area and on the flybridge forward of the command station.

Complementing all this interior comfort there are staircase steps rail assisted from the aft deck to the commodious aft swim platform and boarding ladder.

In summary there is luxurious comfort for four and enough added sleeping spaces to accommodate a group of up to eight total.

Please note that the entire flybridge enclosure is set up to be hinged down to lower its elevation.
