Beam: 10' 8" (3.25m)

Min Draft: 5' 9" (1.75m)

Speed, Capacities and Weight

Displacement: 10000 Pounds

Water Capacity: 25 Gallons

Holding Tank: 32 Gallons

Fuel Capacity: 21 Gallons

Accommodations

Total Cabins: 2

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Hull Finish: Plastic

Engine Information

Engines: 1

Manufacturer: Bukh

Model: 24

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

Entering down into the main cabin you'll find a very functional galley to port, with a large Nova Cool refrigerated Ice Box with freezer compartment, a Tasco two burner Propane stove with oven, copious storage lockers, and a large single sink, with hot and cold fresh water.

Opposite the galley to Starboard is the quarter berth and navigation station, circuit breaker panel, desk and shelf storage. Just forward are the port and starboard settees with storage under, the stb. side converting to a double berth, with loads of storage behind both seat-backs and above in lockers.

Setting this model CS 33 apart from older models are the six opening ports with screens, affording cross-ventilation in conjunction with the large overhead screened hatch. A teak and holly sole extends fully fore and aft. A bulkhead mounted teak fold-down table with drop-leaf compliments the oiled teak bulkheads and interior teak hull battens, giving the interior a cozy but airy feeling.

Forward to starboard is the enclosed head with electric toilet, hot and cold shower, wash basin, mirror, storage lockers and overhead hatch. The head system includes a Y Valve, mascerator and holding tank. Opposite the head is a cedar lined hanging locker.

In the forepeak is the large V-berth with storage under, teak trim, a 12 vt electric fan, and screened overhead hatch.

Deck and Cockpit Features

- White non-skid deck and aluminum toe rails
- Double bow and stern rails and double lifelines and gates
- Stainless steel cabin-top handrails
