## Overview

---

This is a very well cared for owners version which has never been chartered.

Her owners bought her in France five years ago and sailed her across in the ARC taking 16 days and coming in 6 in the pack.

They have lived aboard and cruised the islands enjoying life and now after 5 years are ready for a new chapter in their lives. Hence they have brought her to us to sell for them.

Being on board and close to the vessel during their ownership they have kept very good care of her and constantly polished and waxed everything on board.

She currently is in our Hurricane protection program where she will be strapped down some 20 feet above sea level.

This vessel is in the Bahamas on a valid cruising permit and not for sale to a Bahamas citizen or Resident without the payment of Bahamas Import Duty and VAT.
