SPECIFICATIONS

Overview

This vessel has been maintained to the highest standards. The MAN engines only have 500 hrs and all engine service is up to date by the authorized MAN dealer. The blue hull sides are painted and not just gelcoat and the air conditioned bridge is enclosed with EZ2CY in excellent condition. Satellite TV located in all three staterooms, the salon, the cockpit and the bridge. For easy dockside handling this vessel is equipped with bow and stern thrusters and yacht controller remote. The recently rebuilt hydraulic swim platform has adjustable chocks for tender or waverunner. For extended cruising this boat is equipped with a watermaker and FLIR unit in addition to Chartplotter, radar and auto pilot. This boat runs flawlessly and is ready to cruise.

Priced to sell.

DETAILED INFORMATION

Walkthrough

“Knotty Girl” is a 2006 58’ Sedan Bridge Sea Ray powered by Twin MAN V8 900hp with only 500 hours. All MAN engine service is current including the annual service completed by the MAN dealer in July 2015. The vessel exterior is Midnight Blue and is a painted hull versus the typical gel coat finish.

From the aft deck, you will find a door to starboard that leads you to the recently rebuilt hydraulic swim platform. There is a TV to port and an aft shade that extends from the overhead hardtop. Behind the aft deck bench is a very large fish box which can be used as a cooler or live baitwell.

There is a large, stainless sliding door that opens into a very spacious salon with beautiful dark cherry wood, with a kidney shaped couch and custom plush carpet. A flat screen TV with a Bose surround sound system and Sat TV by Direct TV complements the area.

Just forward the salon is the galley to starboard featuring a cherry wood floors and a custom high gloss cherry dinette table for six. The galley is equipped with a sub-zero two drawer refrigerator with a full size sub-zero freezer and ice maker.

Forward of the galley area is a stairwell leading to the lower companionway that features a dark cherry satin chair rail along the port side and a washer/dryer to starboard.

Knotty Girl offers a full beam master stateroom located midship with a queen size bed with an innerspring mattress that allows for storage below. Night stands on each side of the bed, two maple lined closets, a vanity and two port holes that allow natural light adorn the room. The master head is located just one step up port and has a separate shower enclosure.

The VIP stateroom is located in the bow with a queen size bed and plenty of storage. This stateroom offers private access to a shower which is located starboard side and a head which is located port side. Between these two staterooms there is a third stateroom starboard side that has over/under bunks.

Knotty Girl sports a very large flybridge with two helm seats with a full bench seat just behind the helm chairs. Just forward of the helm is u-shaped seating with storage, a custom table, refrigerator, ice maker and a flat screen TV. For an added bonus, this area is air conditioned with a new EZ2CY full enclosure. The helm is equipped with a bow and stern thruster, yacht controller, FLIR and a complete Northstar electronics package.
