Manufacturer Provided Description

The Doral Elegante standard features include a built-in swim platform with telescopic ladder, 7.5" non-skid deck walk around including access steps and foot stop, and a fiberglass retractable radar arch with built-in lights and night lighting. Enjoy the many benefits of a double helm seat with standing driving position system enabling great visibility from the helm while either sitting or standing.

Features

Top side, she offers two separate built-in couches in addition to a two person wide helm seat.

The loungers offer plenty of seating along with a cocktail table and wet bar. All of this and she still has easy access to the swim platform. The extended swim platform provides lots of accessibility along with built-in bumper holders and two storage lockers for keeping lines and shore hook-ups handy. She even has room for a dingy or personal water craft in back.

Functional Layout

The helm has good visibility of your surroundings and your gauges. The helm seat has a flip up bolster for enhanced visibility out of the hole or for standing while driving. The cabin can be entered through a slider with a built in screen door which is a nice feature for cool evenings or when the mosquitoes are buzzing around. Climb down a few solid wood stairs and you are ready for relaxing or entertaining. To starboard at the bottom of the stairs is the power distribution panel. The panel has all your breakers, shore power and generator options and digital read outs of water supply and voltages.

Stepping Below

The cabin has an abundance of natural light from eight port holes, three hatches and a skylight. The galley includes cherry wood cabinets and a two-burner stove, microwave and a matching marine refrigerator. The counter top is a nice selection of Corian. The cabin floor has a molded fiberglass liner with carpet and a teak and holly sole for the galley. There are two loungers inside that provide plenty of seating for your company to sit and chat, or relax and watch a movie on the flat screen TV. To aft of the cabin is a stateroom with a full size privacy door, not a sliding curtain that you find in most boats. In addition, the aft stateroom also has a separate sink. The Elegante has plenty of optional extras to enhance your ride. For instance; a forward bow mahogany lounge, retractable radar arch and power assist cocktail tables are just a few of the many options. See your dealer for the extensive list of options.

Power Plant

Last, but not least, was the engine room. You gain access through a day hatch. When you require complete access there are two power assist engine hatches to give all the room you or a mechanic needs. With the hatches open you had plenty of light and room to service the engines. The engine room was well laid out with neatly secured wiring and accessible batteries. Furthermore, even with the optional generator there was still room to spare.

Engine Notes

Mercury and Volvo Penta engines available with both gas and diesel options.

Exclusions

Owner's personal belongings.

Disclaimer
