SPECIFICATIONS

Overview

Top Deck 63 is the only yacht in the market considered to be a Day Yacht, inspired in all aspects never before considered by other shipbuilders, especially the great capacity of being able to have more than 20 people on board on a 63 foot yacht. The design was conceived by award winning mega yacht designer Luiz de Basto and combined with the Astondoa engineering and construction experience. Thus this way presenting its greatest creation in achieving the most extraordinary experiences for you, your family and guests.

The technology involved in this extraordinary model allows the transformation of spaces in a radical manner: an enclosed deck into a completely open one, or a leisure area into one for social gatherings, so that Top Deck literally transforms itself in a beach club.

Top Deck is the ideal yacht because it can lodge two families or become a fun trip with 20+ family and friends.

Con gusto le atiendo en español !
