SPECIFICATIONS

Overview

Mailbu, designed by famous naval designer, Christopher Seymour, is a gorgeous 87m superyacht featuring sexy sheer lines and a minimalistic approach that make her graceful yet opulent to immediately catch the eye of the beholder.

Malibu has a steel sculpted hull in traditional beige with a brown bootstripe and an aluminum superstructure with strong lines. Her six decks cascade over one another like a free-flowing waterfall, giving her a strong and majestic presence when entering a harbour.

This bespoke yacht has a 13.8m beam and a maximum draught of 4 meters. She is equipped with outdoor spas, Jacuzzis, large lounges and outdoor dining areas that will keep guests entertained for hours, along with an elevator and gorgeous staircases to provide easy access among the decks. Two 10m tenders and water toys such as jet skis, underwater scooters and plenty of dive gear add to her excitement. Additionally she is equipped with a heli-pad to make getting to those important meetings or play area fast.

The topmost deck offers a forward facing Jacuzzi and lounge with spectacular 270-degree view. Inside, there's an open gym, sauna and show, with beauty salon and massage room on the port side. Outside is an open bar, lounge and sunbeds for relaxation.

On the bow area of the bridge deck is a helipad that offers owners and guests the opportunity to reach Mailbu from virtually anywhere. Aft of the bridge is an open bar and large lounge and entertainment area, while the aft deck features al fresco dining, another large spa and more lounging areas.

Below the bridge deck are accommodations for the owner and family members with space for as many as six individuals. The main owner's cabin is located forward with open room layout offering 270-degree views. His and hers baths and wardrobes offer optimal convenience. Aft are family or close guest cabins and a study/office. Behind is an open entertainment area offering a lounge and TV along with an open bar, dining area and a grand piano highlighting the middle of the room. On deck is another gorgeous outdoor lounge and sunbeds for relaxation.

Outer deck stairs take visitors down to the main deck, which has a nice lounge and al fresco dining aft. Forward of this area is a large Jacuzzi, lounges and an open bar. This area is made even more special by walls that fold back into their own housing and open up the entire area to the outdoors while bringing in a party atmosphere. An adjacent indoor dining area features large dining tables, open bar and more lounges. Guest and VIP cabins comfortably accommodating up to 14 people are also located here, along with a cinema.

The Crew Deck is located below along with the main galley. This deck also allows access to the upper engine room workshops and support services. Main tender storage is also here, with room for two 10m RIBS, four jet skis, under water scoopers and dive gear. The beach club has storage

for more dive gear and water accessories and is a nice place for guests to relax after a great dive.

The lowest deck houses all engineering with main motors, gensets and fuel tanks, water and ballast. Forward is the crew's living area with accommodations for 28, mess room, crew lounge and office.

Malibu has a standard propulsion system with two main motor power plans coupling back to conventional shafts. Maximum speed is 18 knots with a cruising speed of 16 knots. Malibu will be built by a Dutch shipyard. Class PYC-MCA
