SPECIFICATIONS

Overview

Elegance & Exhilaration at every turn. The 47 Eastbay Flybridge is a distinctive cruiser that blends the Grace of Downeast styling with power and performance- making her one of Grand Banks Yacht's most popular Eastbay models. "Summer Solstice" features a custom fiberglass hardtop with a full 4 sided Polycarbonate Enclosure, top-shelf Garmin touchscreen Navigation, FLIR Pan/Tilt camera, Sat TV, Custom Radar mast and a fabulous entertainment system. Powered by twin CAT C-12's. She cruises comfortably at 26 kts and tops out at 30 kts. Original owner has spared no expense in her maintenance and equipment list. Make plans to come visit this beautiful vessel.

- Apple TV
- Sat Stereo with MP3 stereo input
- Bose Surround sound system with Sub-woofer
- All Entertainment equipment can be conveniently controlled by one simple remote

Manufacturer Provided Description

The new 47 Eastbay FB reminds us that while the journey is often its own reward, it doesn't hurt to make port in time to grab a good slip. With standard twin 700-hp engines, getting there at 30+ knots leaves plenty of daylight for entertaining on the Eastbay's spacious flybridge, or unwinding in the warm glow of its graciously appointed salon. All atop a modified deep-V hull designed by Hunt Associates, for plenty of safety and stability no matter how fast - or slow - you choose to cruise.

Key Construction & Mechanical Features

- Hand Laid, Solid Fiberglass bottom
- 3 layers of epoxy barrier coating
- All Electrical wiring numbered and color coded
- Delta-T engine room ventilation
- Closed cell foam bulkheads
- White Awlgrip painted boot stripe
- Watertight bulkheads
- Groco Safety Seacocks for all raw water inlets
- Bronze Ball Valves on all thru hull fittings above the waterline
- Manual Bilge pump, plus electric pumps with automatic float switches
- Fresh water faucet located inside of the engine room
- Engine room insulation for sound and heat
- Sea Water cooled engine exhaust for engines and generator
- Automatic Fire Suppression system
- Nibral propellers
- Dripless shaft seals
- Hydraulic power assist steering system

Electrical Equipment

- AC and DC Breaker and switch panels
- Kahlenberg Air Horn
- Alternator for each engine and generator
- AGM Batteries in fiberglass boxes, (2) 8D engine batteries, (2) 8D House Batteries, (1) 2D Generator starting battery
- Battery Condition indicator
- Battery Disconnect Switches
- Emergency Parallel Switch provided for Emergency Engine Starts
- Vessel Bonding System
- Sidepower Bow Thruster, model SP125T
- Carbon Monoxide detectors for sleeping quarters

- CAT Electronic Engine monitor gauges
- Engine Room blowers
- Fuel Transfer Pump
- Pressurized Fresh water system, with the ability to shut off the outside water faucets during the Winter
- Galvanic Isolator with monitor
- 13.5 KW Onan e-QD Series Generator
- 12 volt DC and 110v AC outlets at each helm station
- CompuTank gauge for fuel and water tank monitoring
- Tankwatch holding tank gauge
- Y-Valve for overboard discharge of holding tank
- 110v Ice Maker located in cockpit
- Oil change system in engine room
- 50 amp Shore Power system with Glendinning Cablemaster, 75' cord
- Trim Tabs
- Windshield Wipers with speed control, auto-park and washers
