Deck Material: Aluminum

Hull Designer: John King

Engine Information

Engines: 1

Manufacturer: Caterpillar

Model: 3208

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Broker's Comments

PROGRESSION is a powerful and well-conceived world cruiser which has been substantially improved and updated in this ownership. Her rugged build and purposeful John King lines mean that she is equally at home in warm waters, or would be perfect for high latitude sailing. Her interior layout is airy, spacious and excellent for passage making. Very large lazette forward which could be made into crew quarters.

Recent History

Improvements Post 2008/9

- Batteries – House bank replaced 2013/2014 Dec/Jan Dry Cell 12vac 800 amps.
