- Transom Door
- Horn
- Snap-In Carpet Liner

MANUFACTURER PROVIDED DESCRIPTION

The 210 Sundeck from Sea Ray was built for all-day fun while providing a safe environment for passengers of all ages. With a deep-V hull design and high gunwales, the 210 Sundeck

maintains a smooth, steady ride even in heavy wake traffic. With integral swim platforms, ladders, and grab handles fore and aft, access to and from the water is fast and easy - a must when children are in the water. The bow platform features a concealed ladder compartment for easy beach access. Forward and aft walk-throughs make it easy to board from the dock while midship fender locks ensure secure, simple fender tie-offs. A spacious standard seating plan allows lots of room for family and friends with two swivel bucket helm seats and aft bench seating with a removable jump seat. An optional arrangement contains a swivel bucket helm seat and an L-shaped lounge to port. Both plans feature additional passenger space in the molded bow rider seating. Entertaining is a breeze with a convenient cockpit table, Clarion AM-FM digital cassette stereo with four speakers, and cockpit remote control, insulated ice chest, carry-on cooler, cockpit lighting, and beverage holders. Since the 210 Sundeck is built to handle a variety of pastimes, Sea Ray has made plenty of storage space available in the cockpit side panels, under the starboard dash, and in a ski and kneeboard storage compartment in the floor, featuring vinyl matting to prevent mold and mildew. Everything remains securely stowed out of sight, so there's nothing to trip over. The 210 Sundeck even has a tinted curved glass windshield and a vinyl-baked Bimini top to provide shade. With a standard 5.0L 220 horsepower Alpha I MCM stern drive, the Sea Ray 210 Sundeck packs plenty of power for pulling skiers or tubers. Everything's there for a full day in the sun, including a cocktail table, snap-in carpet liner, pressure water shower, sink with sprayer, and a large enclosed, lockable head area. Other standard features on the 210 Sundeck include an automatic bilge pump, electric bilge blower, tilt steering on the chrome sport steering wheel, power tilt and trim, power steering, custom Sea Ray backlit instrumentation, engine alarms, and a pearl gelcoat hull with a choice of red, blue, green, or black and gold graphics. Plenty of options including engine upgrades, a portable head and sunpad filler cushion - just to name a few - all combine to make the 210 Sundeck one of the safest and most enjoyable family crafts on the water.

Exclusions

Owner's personal belongings.
